HUSTLER: A NEW DIRECTION

Over the last few months you have probably noticed some substantial changes in HUSTLER regarding the content, the number of articles and features, the tone, the politics, the pictorials and the design. This, along with the return of my *Publisher's Statement*, is the result of my refocusing on the magazine after having been occupied with our sudden expansion into video production, nightclubs and retail stores.

I felt that, although our photography was still first-rate, and our attitude fiercely independent and antiestablishment, HUSTLER was no longer leading the charge against censorship and conformity. Where once we surprised and shocked, now we were only following a path I had established 29 years earlier. Determined to recharge the magazine, I instructed my staff to completely rethink HUSTLER from top to bottom, always remembering, however, that we are individualistic, irreverent and honest, regardless of the consequences.

Finally, these changes are coming together. Take a good look at the pages of the magazine you are now holding, and see if you don't agree that we are back on track, pushing the envelope, creating new standards and charting new directions. My pledge to you, the reader, is that we will continue doing everything in our power to make HUSTLER once again unpredictable and cutting edge. As good as this issue is, future issues will only get better.

Trixi a Treat

Far too many porn starlets and porn star wanna-bes have thighs the shape and size of pipe cleaners. This is not so with your January HUSTLER Honey, Trixi (*Trixi: No-Worries Mating*). I'd love to have her thighs wrapped around my hips or around my head, especially since what's attached to those thighs looks so damn good, too! Let's see more of Trixi and more of girls with a similar shape.

—R. B.

HUSTLER is dedicated to scouring the globe to bring readers dazzling pictorials of fledgling beauties with natural curves. We also share your fondness for Trixi's voluptuous thighs, as well as the rest of her physique; so here's another shot of January's centerfold Honey.

Rag Head

Today, I read the article in the February issue of your magazine about "period fetishes" (*Blood Lust: Menstruation Lovers Go with the Flow*). The article is very good, and it is evident that Dan Kapelovitz did an outstanding job of researching his topic before writing it. You are to be commended for publishing it. I would, however, suggest that HUSTLER do a follow-up article on "pad fetishes." There is a huge audience of readers out there that have a "pad fetish" (fascination with feminine hygiene products, both new and used). Go on the Internet and find out for yourself. There are numerous Web sites that have nothing else but information about "pads." I would encourage you to set aside space in your publication to cover nothing else but "pads." In fact, I foresee a time when there will be a major men's magazine that will be about nothing but pad fetishes. In it, there will be sections about tampons, pads and a blood section. At any rate, great job on a well-written article.

V. P. C.

via Internet

Dan Kapelovitz appreciates your praise and, as Features Editor, Dan is known for fastidiously researching and crafting all of his stories. However, before we send him sifting through mountains of soiled sanitary napkins and clotted tampons, keep in mind that HUSTLER is not a fetish-oriented publication. We cover sex, politics and entertainment for all of America. Although there is no doubt a dedicated audience for "pads" features, we probably won't be devoting a regular section to the topic anytime soon. Nevertheless, Dan may soon begin work on a related article sheerly out of his own personal curiosity.

Piss-Drunk Love

I can't say it enough, and I can't see it enough: I'd love to see more shots of women peeing. HUSTLER runs one, maybe two pics a month, but it's not enough. I think you need to do one pictorial a month—take one woman and go to town for four to six pages. I just find it beautiful to see a woman pee. Pardon my perversion, but I don't think I'm the only one. And I'm sure the women love doing it. Probably the only one who doesn't love it is the janitor; so do it outside. The sight of a puddle of golden nectar on the floor and a stream of a woman's juice rushing to it is a work of art. I'd love to buy the videos advertised in your magazine, but they don't ship to my state. Please consider this. Thanks.

—L. Z.
Tempe, Arizona

As a matter of fact, our custodial staff has no problem with golden showers, but there is a limit to what the bladders of our lovely models can do. Since most shoots take at least several hours, not to mention frequent pauses for makeup and lighting adjustments, keeping Honeys hydrated enough to whiz throughout the entire workday is more than most of them can handle. We know that many readers enjoy drinking in the sight of micturating maidens, and thus we include a few soaking shots in each issue. However, if that fails to quench your thirst, we recommend consulting the pages of HUSTLER XXX for the torrential amateur pics in *Pissing Contest* and sopping photo-spreads in *A XXX Piss Factory* that appear in every edition.

ASSHOLE OF THE MONTH

TRENT LOTT

What spouts shit like a rectum but dribbles like an infected pussy?

Trent Lott, hybrid orifice and HUSTLER's Asshole of the Month for May 2003.

Mississippi Senator Lott was slated to resume his position as Senate Majority Leader when the GOP-controlled 108th Congress convened this year. Along the comeback trail, Lott slipped in a pile of his own shit when, at Senator Strom Thurmond's 100th birthday party, Trent proclaimed that, had Thurmond won his 1948 Presidential bid, "we wouldn't have had all these problems over all these years."

Thurmond ran that year as the candidate for the States Rights Democratic Party, whose platform hinged on "the segregation of the races and the racial integrity of each race." Strom's campaign promises included, "On the question of social intermingling of the races, our people draw the line." Lott was shocked when his pining praise for this candidacy was construed as an endorsement of segregation.

By contrast, no one remotely familiar with Lott's record of racial divisiveness was surprised by his latest gaffe. As a student at the University of Mississippi, he spearheaded an effort to block desegregation of his national fraternity. In 1981, then-Congressman Lott filed a brief on behalf of Bob Jones University when the school's tax-exempt status was threatened because of its discriminatory policies. In the brief, Lott opined that "racial discrimination does not always violate public policy."

This being a free country, Lott is entitled to his views, no matter how repugnant they are. But any fool would recognize the potential career suicide in publicly espousing such views while leading a party that's desperately trying to woo minorities. And Lott should at least have the conviction to stand by his statements when they're questioned. Teetering Trent lacks both the brains for the former and the spine for the latter.

Most people became aware of Lott's take on race issues via his chummy relationship with the white-supremacist Council of Conservative Citizens. Lott made several speeches to the Council in the '90s, proclaiming, "The people in this room stand for the right principles." Confronted with his ties to the group in 1998, he claimed not to know that they were a "racialist" organization, until it was discovered that he had been a columnist for the Council's magazine, *Citizens Informer*, for eight years.

Apparently projecting his own stupidity onto the public, Trent ducked and covered again following the Thurmond episode. Lott argued that he had been "misunderstood," but failed to offer a plausible clarification, instead painting his commentary as an off-the-cuff remark intended to honor "a legend in the Senate" on his 100th birthday.

Trent's explanation was undercut by the revelation that he'd made a nearly identical statement during a 1980 speech; so Lott switched gears, saying, "I was seven years old when Strom first ran for President. I don't really remember anything about the campaign." The only thing more laughable than this assertion was the bulletproof helmet of blow-dried hair that balanced on his head as he burbled it.

When his series of nonapologies stoked rather than quelled the growing outrage, Lott tried to grovel his way into the African American community's good graces, scheduling an interview with Black Entertainment Television, where he condemned his own "insensitive" and "repugnant" comments, begging the audience "to forgive my mistake and give me a chance.

"Who among us does not mature?" wailed the 61-year-old senator.

After Trent lost his Senate Majority Leader post anyway, he reverted back to infantilism, casting himself as a victim of religious bigotry: "When you're from Mississippi and you're a conservative and you're a Christian, there are a lot of people that don't like that."

Lott's harshest critics in the Thurmond flap included George W. Bush, right-wing moralist William Bennett and the Family Research Council, none of whom are known as enemies of Christianity, conservatism or the South.

With this last stab at deflection, Lott insults all people of faith, along with minorities. The only circle he hasn't alienated himself from is the festering Asshole between his ears.

FARTS IN THE WIND

Yvonne Atkinson Gates: In a seeming effort to deprive tourists of quality adult entertainment and strippers of a living, Gates, Chairman of Nevada's Clark County Commission, has barred lap dancers in most Las Vegas-area clubs from sitting in customers' laps. A crackdown on dancers who perform in hotel rooms may be next. "I'm doing this because I think it's right," Atkinson puffs. Right out of her Asshole, anyway.

Al Gore: After months of pummeling the Bush Administration's reckless policies with a courage that none of his fellow Democrats could muster, former Vice President Gore declared that he won't seek the 2004 Presidential nomination. Now the path is clear for ineffectual milquetoast Dick Gephardt, national buffoon Al Sharpton and—Allah help us all—prowar religious crusader Joe Lieberman. Gore might have pulled his hat out of the ring, but he wins our vote for Asshole nonetheless.

IBM

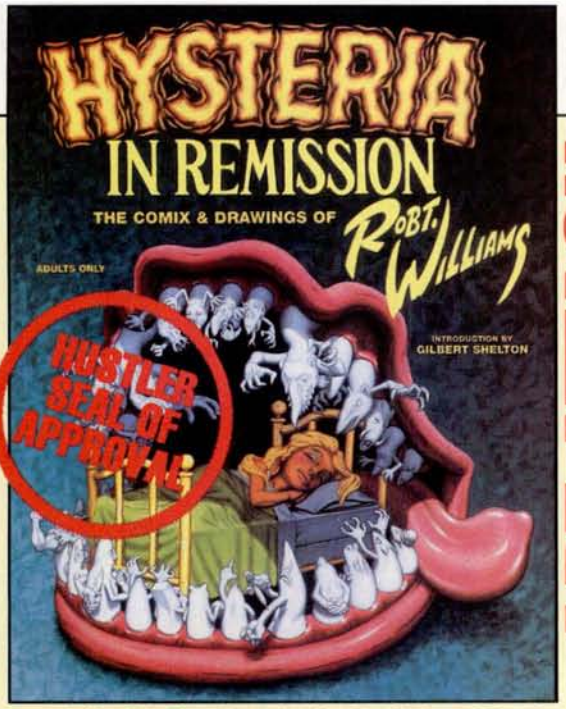
FINAL SOLUTIONS FOR A SMALL PLANET

When the Nazis needed a more efficient way to kill Jews, IBM's punch-card technology was there. The ability to quickly identify and sort Jews paired with technical support from highly trained IBM "field engineers" made Hitler's dream of genocide possible.

What final solution can IBM help your regime with?

Ad Parody. IBM would never boast about their involvement in the extermination of millions, but it is a little-known historical fact. Read *IBM and the Holocaust: The Strategic Alliance Between Nazi Germany and America's Most Powerful Corporation* by Edwin Black (Crown Publishing) to learn more.

ART ATTACK



This Month: ***Hysteria in Remission: The Comix and Drawings of Robt. Williams***

What It Is: A 300-page book collecting all of the legendary underground cartoonist's work.

What It's About: Sexual perversion, tripped-out imagery and lots of hot rods.

Why We Care: Robert Williams, like R. Crumb, has achieved God-like status in the comic world for his work in the '60s and '70s.

Buzz: Between rare illustrations Williams did for Ed "Big Daddy" Roth and the cover-to-cover reprints of stuff that's been out of print for 30 years, this tome is a treasure trove for completists.

Downside: Reading this stuff will give you flashbacks, even if you've never done acid.

Bottom Line: Fans of HUSTLER's cartoons can't miss.

Hysteria in Remission: The Comix and Drawings of Robt. Williams is available in a limited-edition, signed hardcover ($75) or softcover ($29.95) from Fantagraphics Books.

THE FLYNTS CONQUER EUROPE

Liz and Larry Flynt recently took a jaunt across the pond, where HUSTLER's influence is growing like **Anna Nicole Smith**'s ass. First, the pair traveled to the **Venus adult fair** in Berlin, Germany, at which Mr. Flynt was honored with a **Lifetime Achievement Award** for his work as a smut pioneer. The globe-trotting porn mavens then hopped over to Paris, France, to host the grand opening of **Larry Flynt's HUSTLER Club Paris**. Later that evening, with Parisian partygoers egging him on, Mr. Flynt celebrated his 60th birthday in style. The swarm of reporters and fans who engulfed our boss during his stay demonstrated just how much the French adore Larry Flynt. Of course, they're crazy about **Jerry Lewis** too.

What would YOU like to see in a Honey's ass?

NEW FEATURE!

For the inaugural edition of our new pooper-stuffing feature, we've recruited porn actress **Calli Cox**, star of ***Shane's World #30: Keepin' It Real*** (New Sensations) and ***Fast Times at Deep Crack High #3*** (Celestial Productions), to put a ping-pong paddle where the sun don't shine. "This will be the biggest thing I've ever had in my ass," cracked Calli, who usually steers clear of anal action.

HOT BEEF DECEPTION?

The **Atkins Diet**, a controversial weight-loss program that involves gorging on fats and proteins, could help lower your cholesterol. At least that's what a recent study, funded by the **Dr. Robert C. Atkins Foundation**, claims. Other current research shows that up is down, left is right and cigarettes cure cancer.

Web Site of the Month

THE SMOKING GUN

The Smoking Gun is a collection of incriminating paperwork and photos that takes advantage of the Freedom of Information Act, a law the **Bush Administration** is currently trying to dismantle. Highlights include a copy of Strom Thurmond's platform as States Rights Democratic Party candidate for President in 1948, which proudly "stands for the segregation of the races and the racial integrity of each race." More amusingly, the site also contains an extensive rider for a benefit music video in which **Jennifer Lopez** demands her dressing room be stocked with everything from white candles, drapes and flowers to apple pie á la mode. Celebrity mug shots, embarrassing court records and mind-blowing public files abound at www.TheSmokingGun.com.

NEWSBITES

That's 18 Months for Naughty Behavior: **Christine Achenbach**, a prison worker in a Florence, Colorado, maximum security facility, has been convicted of having sex with inmates. In her defense, the 42-year-old woman claimed that she was "gathering intelligence" when she performed a sexual act on a drug-dealing jailbird.

Go Joe: Threats of terrorist attacks in Southeast Asia couldn't stop over 8,000 U.S. sailors from flocking to Hong Kong's Wanchai district to sample the girlie bars the area is famous for. Local police stepped up security after a report that terrorist groups were planning to use the nearby city of Macau as a springboard for attacks. At the same time, madams in the area warned their girls to be wary of another danger, mysteriously known as "Big Brack Cock."

Fuck *Gia*: Self-proclaimed kinkmeister **Angelina Jolie** is considering playing the world's first porn star in a film about ***Deep Throat***'s lead cocksucker **Linda Lovelace**. Many critics agree that the part sounds like a meaty role with plenty of juicy dialogue that Jolie will really be able to wrap her lips around.

Lori T. Pratt, a housewife from Sunderland, Vermont, scratched, slapped and shot her husband, **Dennis Pratt**, with a .22-caliber rifle after discovering a porn tape stashed under the couple's bed. The bullet, which nailed the poor sap in the shoulder, was originally aimed at his groin. Mrs. Pratt was held without bail. There's no word whether Mr. Pratt was charged with being a complete fucking moron for hiding his stroke materials in such an obvious place.

Ask for Extra Ketchup: Unapologetic slob Robert Ward from Kermit, West Virginia, can thank his slovenly habits for helping him to endure subfreezing weather for six days. Ward suffered a broken hip after losing control of his car and plummeting to the bottom of a 150-foot ravine. Unable to climb from the wreck, he survived on packets of Taco Bell salsa and other food items that were strewn throughout his car.

INSPIRED BY ARIA

Avid HUSTLER readers may recognize the enchanting model in these two stunning works of cheesecake art as 2000's *Beaver Hunt* Grand Prize Winner, Aria. **Greg Lopez**, the artist behind these beguiling works, is a huge fan of the sultry lass and an obvious acolyte of pinup masters **Vargas, Olivia and Sorayama**. A onetime aquarium cleaner, Lopez painted both of these pieces as a tribute to Aria. When the starlet gushed approval of the prints, he quit his day job and dedicated his life to creating lusty artwork. HUSTLER sings the praises of both the artist and his muse.

Colonic Freaks Stick It Up Their Asses

BY BILLY HULKOWER

"Open your blouse so I can listen to your heart," orders Marcus, pretending to be a doctor.

Veronica, his "patient," complies. Marcus grasps the 21-year-old brunette's left breast and puts his stethoscope to her chest. "Lie down on your stomach," the faux physician instructs. "I need to take your temperature." Veronica does as she's told, and Marcus lifts up her skirt, pulls down her panties and shoves a thermometer up her rectum.

After removing the thermometer and pretending to read it, Marcus says, "I know exactly what you need." The pseudomedical practitioner grabs an enema bag and jams the tube's nozzle deep into Veronica's anus.

Warm liquid empties from the bag and fills Veronica's bowels, making her colon tingle. She clenches her sphincter muscles, holding in the now-dirty water. The built-up pressure stimulates her anal nerves. Marcus reaches around and massages Veronica's clit. Upon reaching orgasm, Veronica's asshole loosens up, letting the fecal fluid spray out of her anus.

* * *

Klismaphilia is a kink in which a man or woman derives sexual pleasure from giving or receiving enemas. Often, "enemates" engage in klismaphilic sex sessions that last for hours. While enema-enthusiast Internet groups boast thousands of members, there are likely hundreds of thousands of Americans whose passion for being filled with lukewarm fluid remains a dirty little bathroom secret.

Justin, a 55-year-old industrial supplies salesman from North Carolina, who received enemas regularly as a child (a fairly common practice at the time), feels that he has his priorities straight: "I will never go into another relationship. My need for my fetish is stronger than my need to be with a committed partner. The orgasm is unbelievable. It's so strong that my mind slides into that beautiful dimension known only by a true klismaphiliac."

Enema-bag devotee Al enjoys filling himself with nearly three gallons—or 24 pounds—of water, becoming aroused by feeling his belly bulge and his skin stretch. The pressure gives Al "rock-hard erections." Using a butt plug to prevent seepage, Al, who takes enemas almost daily, often begins his erotic activity in the morning and stays inflated most of the day.

While most klismos point to their fine health, frequent recreational enema play is not risk free. Nozzles can cause internal injury, and water pressure can blow a hole in the intestines. Other hazards include upsetting the body's electrolyte balance, dehydration, vulnerability to infection and excessive water absorption. Daily usage can also lead to dependence, with the stretched colon unable to generate the contractions necessary to eliminate fecal matter without the help of an enema.

Dangers aside, Phil White, a lanky San Francisco professional, claims to have introduced 20 women to his favorite fascination. Phil, who discovered his parents' enema bag at the age of seven and bought his own five years later, now takes six-quart enemas using nozzles as wide as four inches in diameter and tubes up to 56 inches in length.

Phil's MO is to wait until the relationship is developed before explaining his enema fixation, slowly revealing his assoteric proclivities through hints and clues. "I don't recall one woman that wasn't willing to at least listen and discuss the facts," he claims. Patience pays; Phil finds the enema sensations sufficient to bring his seed frothing forth without any penile stimulation.

Steve Reynolds, a Massachusetts DJ, remembers watching his mother take enemas when he was a young child. At 13, he found a story among a porn rag's letters section that described a college-coed enemafest. "Reading it made me so horny, I couldn't stop masturbating for days! Finally, at age 18, the folks were away on vacation. I was able to bring a date home. She was a horny nymph type who got turned on by almost anything. We got naked, but instead of fucking, I pulled out an enema bag. She was confused, but went along anyway. I played with her pussy while she got her enema, and she came right away. I got so excited seeing her, I blew my load too. That made me a lifelong enema freak. Seeing a lady with a nozzle in her ass sends me into orbit."

More recently, Steve *(continued on page 52)*

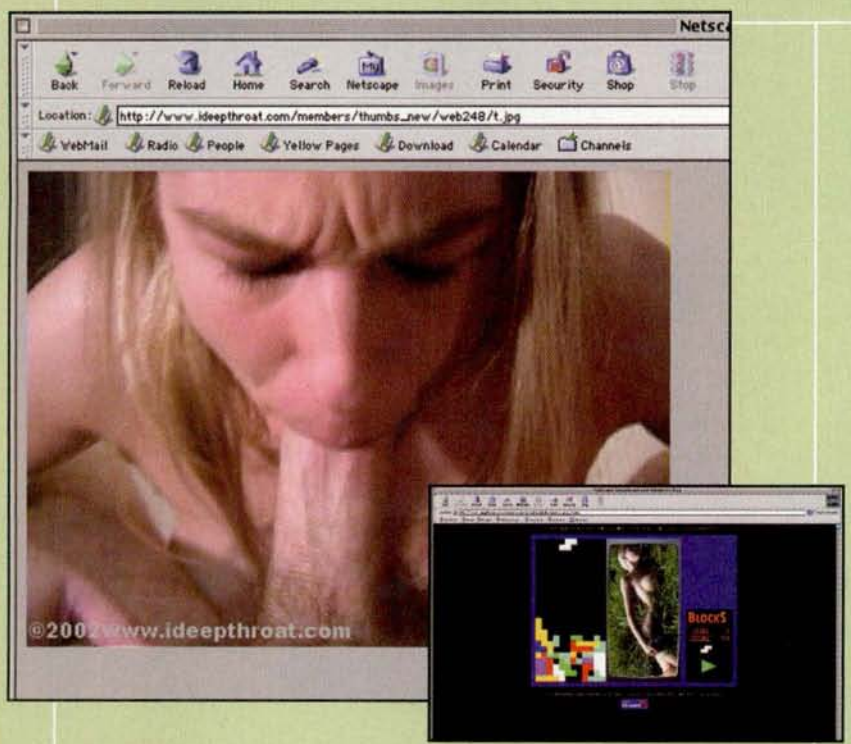
THE WORLD WIDE WEB'S BEST AMATEUR PORN

Fresh From the Net

Internet porn providers come from all different walks of life. Some XXX sites choose to focus their efforts on a specific sexual niche; others believe that the buffet mentality is the way to go. Either way, sleaze on the Web has come a long way in a short time. HUSTLER siphons through the junk to bring you the finest filth the World Wide Web has to offer.



>> www.IDeepThroat.com

Heather of IDeepThroat.com is, hands down, the most skilled deep-throating amateur on the block. In the endless sea of talented throat-gaggers choking the Net, this babe stands alone as the inheritor to the oral throne.

Heather, however, doesn't see herself that way. She isn't in this game to out-swallow every other orally gifted Web wench. She just enjoys putting a big dick down her throat for the pleasure of herself, her husband Jim and all fans of balls-deep oral Web sites.

"Everything you see here is true," says Heather of her passionate hobby. "It's what I really like to do. I am showing you a very personal side of me, and I hope you feel that I am being honest with you."

IDeepThroat.com is an oral enthusiast's heaven on earth. Simple-to-download video footage of Heather's esophagus-straining efforts makes up a major portion of this site, along with expansive photo-sets of the lovely hostess's oral escapades. Although all the scenarios and locations are different, the idea stays constant: Heather slides her husband's massive meat down her hungry throat until he unleashes a thick wad of jizz across her pretty face.

>> www.Sammy4u.com

Sammy offers a smorgasbord of sexual debauchery in this fabulously raunchy site. (Less thrillingly, there are also many pop-up ads.) A self-proclaimed "anal-sex-loving, busty, blond babe," this adventurous tramp pulls no punches in establishing herself as a truly filthy bitch.

While most amateurs attempt to ride one focused talent to the professional ranks of Internet slutdom, Sammy's bag of tricks runs deep enough to fulfill the sick needs of a Rainbow Coalition of perverts. Whether squatting for a piss or using a speculum on her rectum, this zealous cockhound's skills are polished and perfected to a point where it sometimes seems as if she's simply going through the motions. But that's far from the truth; Sammy's an enthusiastic slut with a huge appetite for cock-related games. She can't help it if her hard work projects the appearance of effortlessness; she's just that good.

Good, however, can't begin to describe the video passion between Sammy and her lady cohorts. For a chick so heavily into dick-to-ass pleasure, it's shocking to discover the fervor Sammy applies to her sapphic endeavors. Sammy approaches her many lezziefests in the same manner as her wild adventures with hard cock—with a truly refreshing lust for the sexual hijinx and a determination to fulfill her partners' every desire.

Lipstick lesbians Mary and Stormey have no reservations about screwing around on their lovers. "My girlfriend doesn't know I'm here," Mary confides between tastes of Stormey's slit. "I guess she'll find out when she sees me in HUSTLER."

The more forthcoming Stormey uses her extracurricular antics to add spice to her relationship. "I'll tell my girlfriend about this as soon as I get home. She'll be really fucking mad at first, but that's cool; after big fights, she always comes around. Make-up sex can really rock."

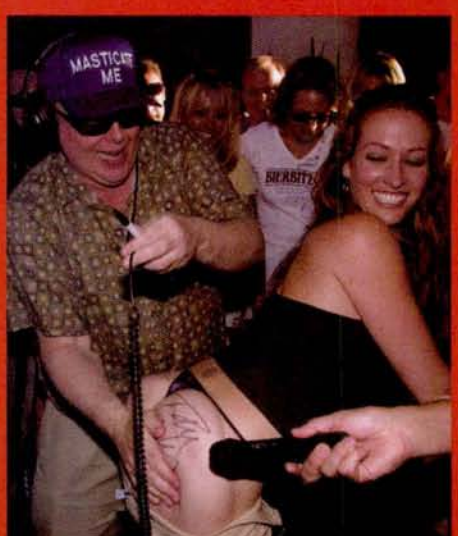
TOM LEYKIS

In a desperate ploy for on-air publicity, HUSTLER sent model Alexa Kai to the Leykis studio.

Radio's Guru of Gash

The syndicated Professor of Trim spreads his angry-yet-horny-white-man wisdom to the masses.

The Professor of Trim takes his show on the road with his listener parties, where Leykis autographs asses, spanks chicks and receives an earful from Tera Patrick (lower left).



PROFILE BY MARK EBNER

PHOTOGRAPHY BY MARIE FRANKLIN AND JASON KIRK

From the plush Westwood One offices in Culver City, California, in a cool, dark studio, radio cock jock Tom Leykis is eating up the microphone. The host of the nationally syndicated program *The Tom Leykis Show*, who often stands throughout his four-hour daily broadcasts, is sitting in a soundproof booth in an Aeron chair, wearing all black: T-shirt, sport coat, jeans and wraparound Ray-Bans. This is usually his uniform, in and out of the studio.

"As men, we should be in touch with our inner assholes!"

Tom's booth is sparse: just him, a microphone, a computer and, today, his girlfriend, a busty, blond, leggy South American import named Fernanda. During the entire show, Fernanda lounges on a couch, facing her man, as he spouts nuggets of wisdom. "As men," Leykis informs his devotees, "we should be in touch with our inner assholes!"

The Tom Leykis Show is a well-oiled machine and a total boys club—there are no females on his crew, and he wouldn't have it any other way. The production booth is fast-paced, frenetic and abuzz with activity. From the control room, Leykis's screener/associate producer, Dean, orchestrates nine flashing phone lines like a boy-genius symphony conductor on methamphetamine. He hangs up on approximately twice as many calls as he puts through to Tom, who rails away on the other side of a Plexiglas wall.

"Dude, you really have to get a pertinent question together," says Dean to a soon-to-be-rejected caller. "You don't do drugs, do you? Don't fuck your life up." He pauses. "Look at *me*."

Meanwhile, the "Professor of Trim" is busy expertly dispensing his daily dollops of relationship advice for men on "how to get laid for the least amount of money." Here are just a couple of Tom's dating-tip gems:

"*Never* have sex at your place. Have it at hers. You don't want stalkers!"

"Drink booze. No Red Bull, no Starbucks—no stimulants of any kind. They want to stay up until 6 a.m. talking. They don't want to F you."

Tom's producer, Gary Zabransky, paces in and out of the studio, scratching his head, wondering how Leykis "gets away with his shit" on the air.

The segment winds down, and I'm escorted into Leykis's booth, where it seems he's hoisted Fernanda onto his lap

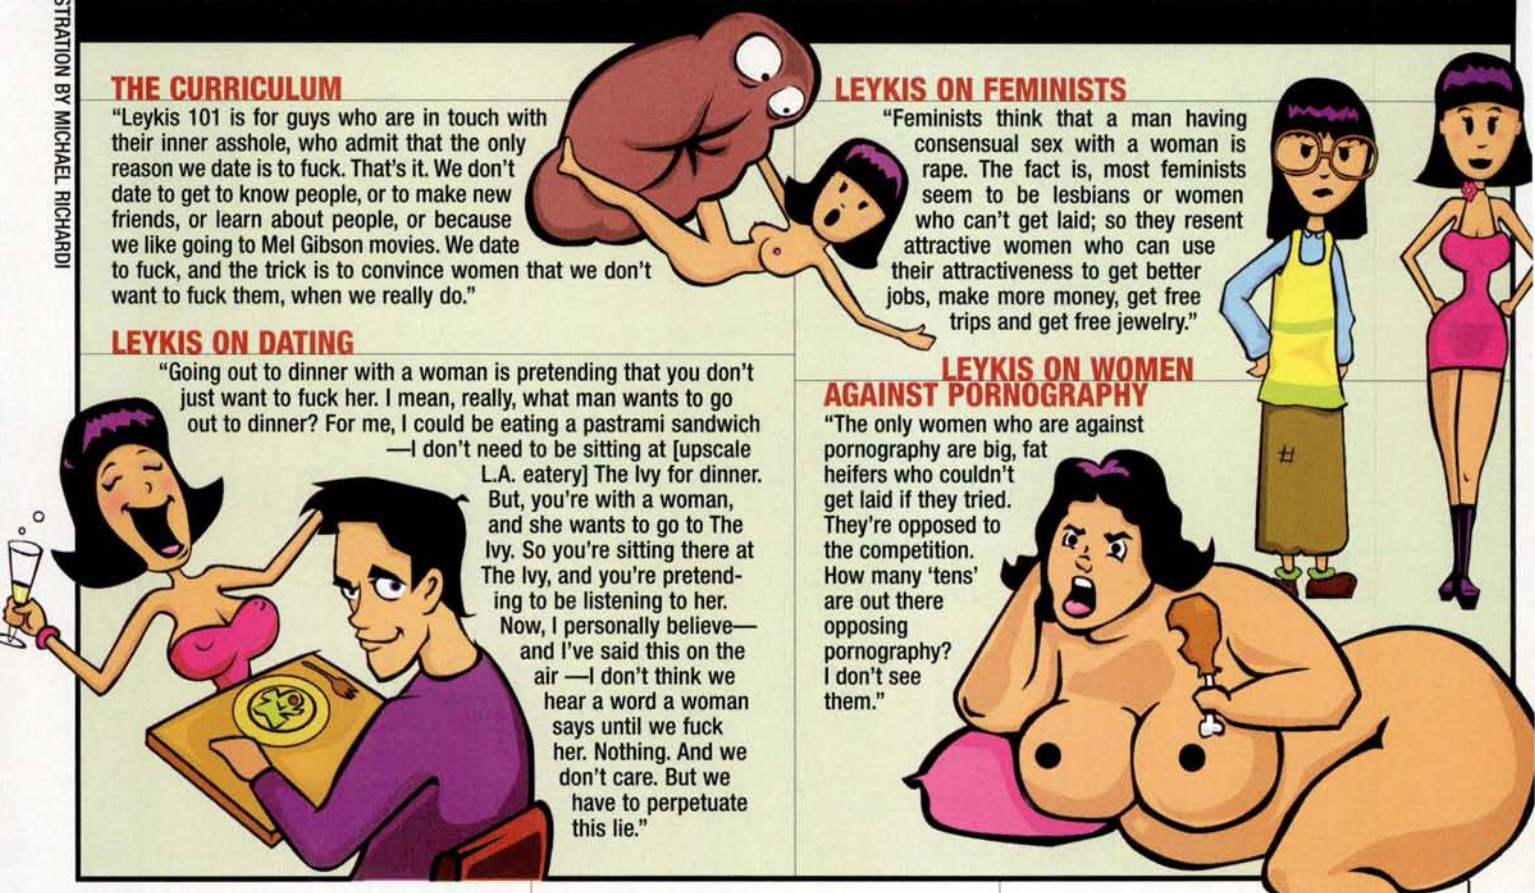
with her tongue down his throat for my benefit. He acts surprised, laughs and welcomes me to his domain.

Tom met his Argentine fuckmate a few months ago. Fernanda had a management position at Radio Disney in Argentina, but when she came to Los Angeles, she could not legally be

employed, pending her paperwork. She offered her services for free as an intern and worked for three days. At the time, she was living with her fiance, but she broke up with him shortly after she met Tom. Now, she visits the studio regularly and snaps photos at Tom's public

Gash Course: A "LEYKIS 101" SAMPLER

ILLUSTRATION BY MICHAEL RICHARDI



THE CURRICULUM
"Leykis 101 is for guys who are in touch with their inner asshole, who admit that the only reason we date is to fuck. That's it. We don't date to get to know people, or to make new friends, or learn about people, or because we like going to Mel Gibson movies. We date to fuck, and the trick is to convince women that we don't want to fuck them, when we really do."
LEYKIS ON FEMINISTS
"Feminists think that a man having consensual sex with a woman is rape. The fact is, most feminists seem to be lesbians or women who can't get laid; so they resent attractive women who can use their attractiveness to get better jobs, make more money, get free trips and get free jewelry."
LEYKIS ON DATING
"Going out to dinner with a woman is pretending that you don't just want to fuck her. I mean, really, what man wants to go out to dinner? For me, I could be eating a pastrami sandwich —I don't need to be sitting at [upscale L.A. eatery] The Ivy for dinner. But, you're with a woman, and she wants to go to The Ivy. So you're sitting there at The Ivy, and you're pretending to be listening to her. Now, I personally believe— and I've said this on the air —I don't think we hear a word a woman says until we fuck her. Nothing. And we don't care. But we have to perpetuate this lie."
LEYKIS ON WOMEN AGAINST PORNOGRAPHY
"The only women who are against pornography are big, fat heifers who couldn't get laid if they tried. They're opposed to the competition. How many 'tens' are out there opposing pornography? I don't see them."

appearances as he signs breasts and spanks chicks.

Always controversial, the impulsive talk-show host was criticized by a Seattle newspaper columnist because he revealed the name of a distraught female "jumper" tying up drive-time traffic on a bridge. Leykis's subsequent on-air call to arms inspired vicious phone assaults and a virulent e-mail bombing that crashed the newspaper's Web server. Such is the reactionary emotional response of the average Leykis listener, a demographic described by author/media critic Jon Katz as "bald, fat, horny, and pissed off at his boss and henpecked by his wife."

Katz could just as easily be describing Leykis's physicality and demeanor, spare the wife. Leykis took his own oft-tendered on-air advice—"Dump that bitch!"—and divorced four times on his rocky road to radio stardom, which has been potholed with multiple firings and FCC fines. He's probably not pissed at his employer either. In fact, Leykis essentially operates as his own boss, ballasted by a bullet-proof, six-year, multimillion-dollar contract, courtesy of Infinity Broadcasting.

Currently at the top of his game, buoyed by huge ratings in more than 50 major radio markets, the fat man on trash-can talk radio can afford to tell tiny markets such as Juneau, Alaska, to stick it where they live—that is, where the sun don't shine.

In 2002, Leykis had to take his act to a Juneau courtroom for two months to defend himself in a lawsuit brought by a woman who complained that Leykis's

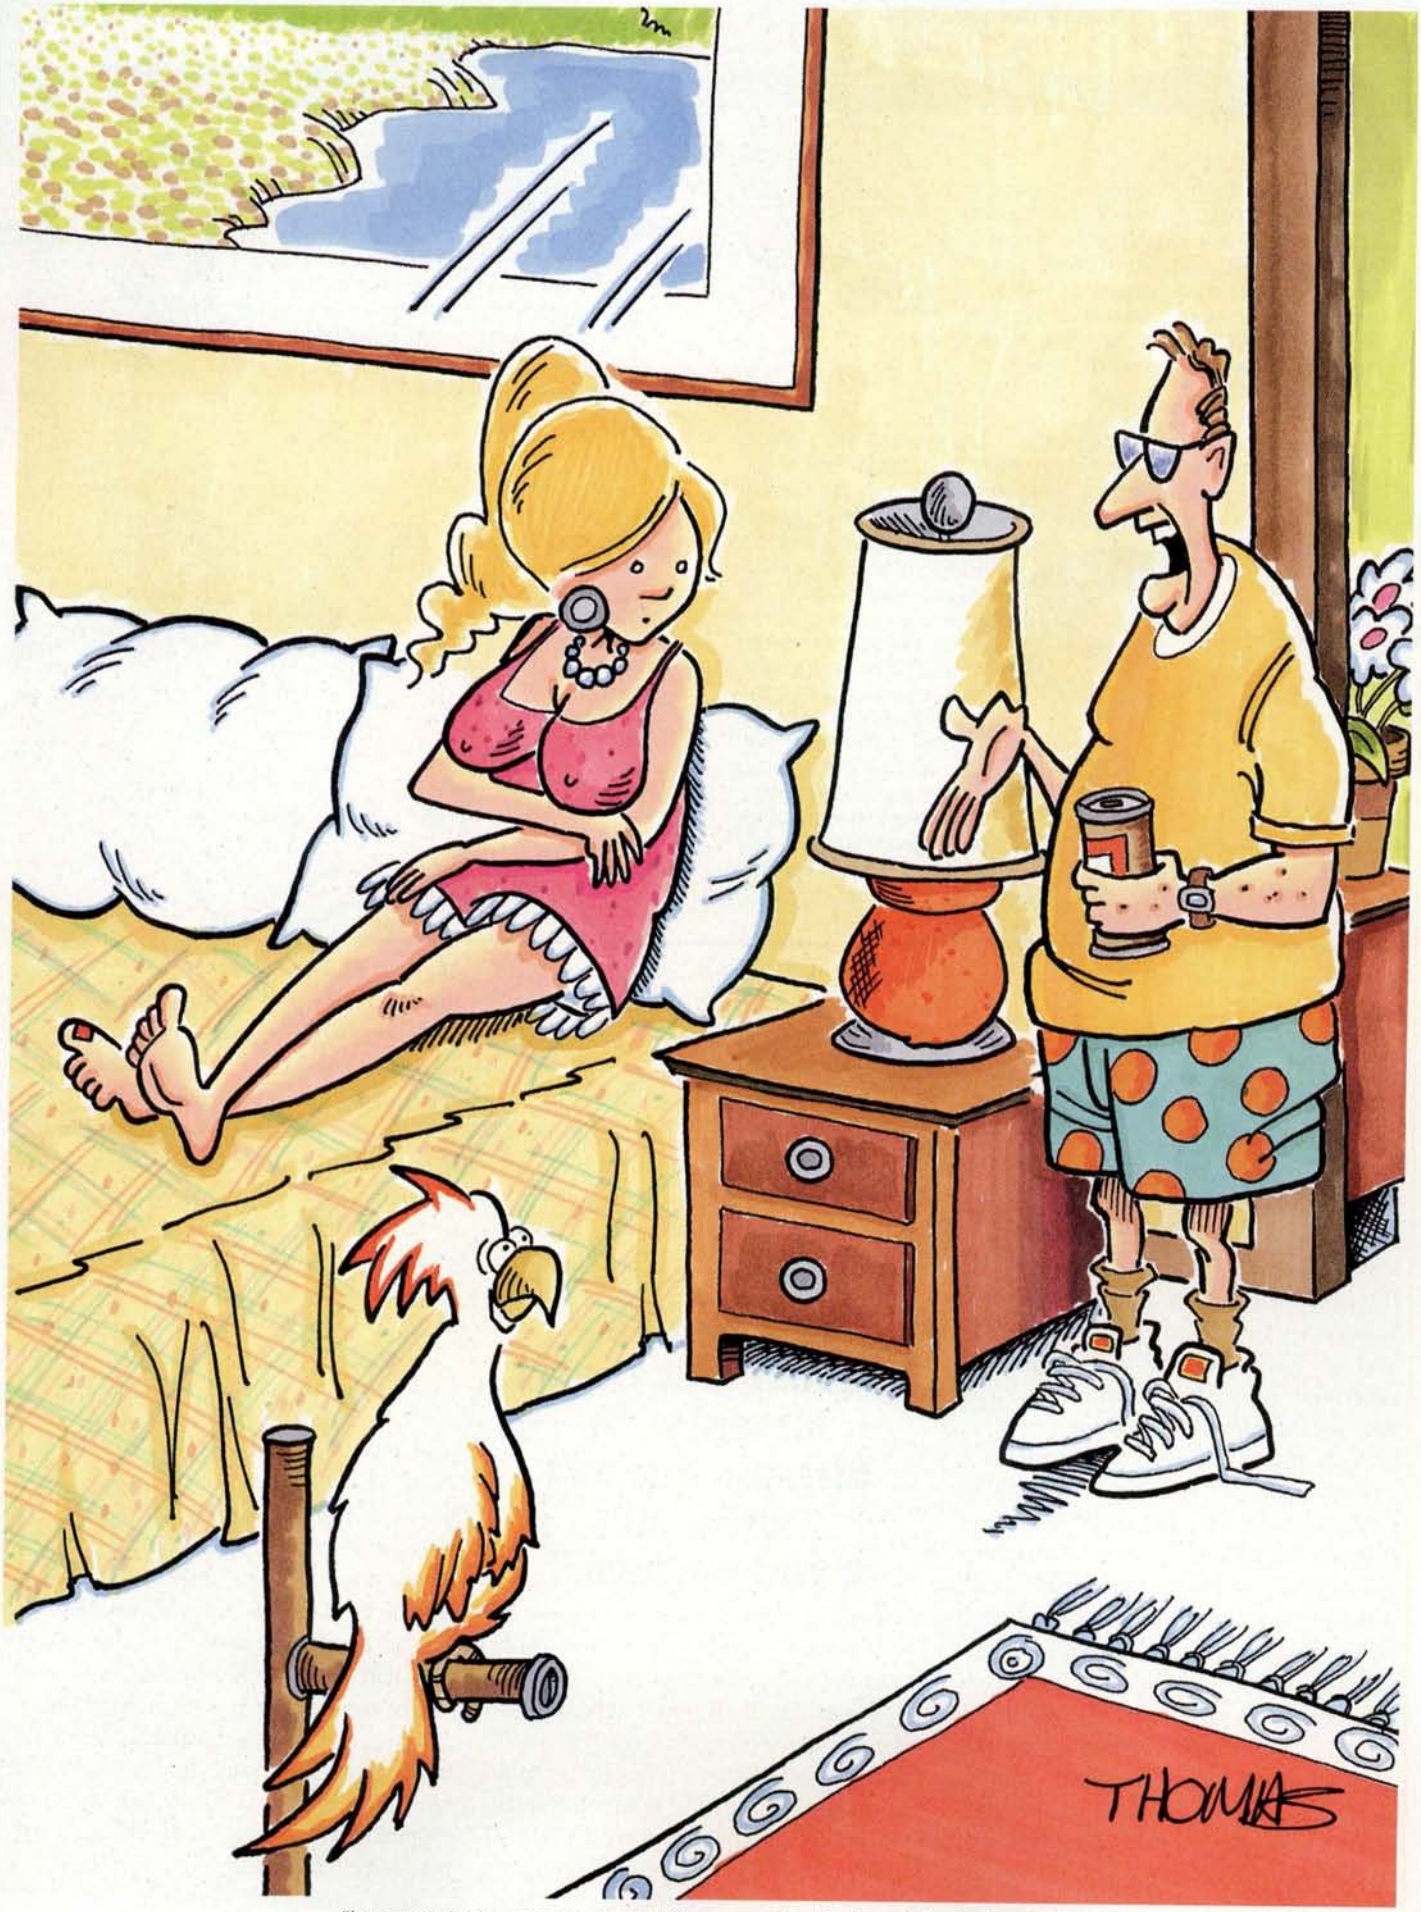
"Sign my twat" is a popular request, but Leykis laments, "A Sharpie doesn't write on a wet surface."

unsavory comments about her on his show caused her to suffer from post-traumatic stress disorder.

Juneau citizen Karen Carpenter (no relation to the smooth-voiced anorexia casualty) had written a letter to the radio station, saying that she was going to do everything she could to force Leykis off local radio, including complaining to advertisers and picketing the station. The radio-station manager promptly fired off a copy of the missive to Leykis with a note at the top reading, "Have fun." Knowing exactly what "have fun" meant, Leykis read the letter on the air and retorted in his best *basso profundo* radio voice, "You know, Karen, if you were getting laid more often, you wouldn't have time to be writing letters like this; so why don't you just sit on this, baby!" He then fired up a vibrator, while lecherously inquiring if her nipples were becoming hard.

"You gotta understand, I know what posttraumatic stress disorder is. Who has that?" Leykis asks incredulously, eyebrows arching above the rim of his ever-present Ray-Bans as he hunkers down over a plate of penne in the wine room of the slick West Los Angeles *luncheria*, Il Moro. "If you were at the My Lai massacre and had to kill little children, and now you're having flashbacks, you might have [posttraumatic stress disorder]. Or if your father murdered your mother, and you saw it, you might have it. I asked her if her nipples were getting hard, and she sued me for $2.3 million."

Tom won the lawsuit, but lost



"I suppose he learned the phrase 'I love your big, black cock' in the jungle."

the Juneau market. "Who cares?" he scoffs. "Juneau doesn't even show up on the Arbitron-rating screen."

Leykis admits he was abused as a child and reveals that he sees a shrink to deal with consequent relationship issues. As a youngster, he did whatever he wanted. "I broke every rule," he offers proudly, but that behavior cost him emotionally, thanks to his father, who beat him repeatedly and threatened him constantly. "My father didn't approve of anything I did," he says, by way of explaining how he went from an $80-a-month apartment in the South Bronx to a tricked-out bachelor pad in the Hollywood Hills. (The Leykis home is enhanced with a master bedroom-cum-screening room, blackout window shades, a voluminous CD collection, a wine cellar and a security system rivaling that of the Pentagon.) "I think I became a real workaholic from my dad."

His inbred work ethic brought Leykis success—and more trouble. "The casualties," he states, rather than laments, "were my friends, my ex-wives, my ex-girlfriends and my ex-live-ins. I was so focused like a laser beam on what I wanted to accomplish, and I was willing to work so hard, I never let a good relationship get in the way."

After years of functioning as, in his mind, a largely inconsequential, lonely liberal voice on AM talk radio, Tom finally mined the kind of ratings gold that's only found in FM syndication. Today, the Libertarian Leykis speaks for all the men who are afraid to discuss pussy at the water cooler lest, as he puts it, "some homely lesbian" decides to sue them from seven cubicles down.

The everyman's rage is Leykis's bread and butter. Leykis leads the angry-and-alienated-white-man mob through a daily, testosterone-fueled auditory frenzy, marching them right into the streets and beer halls around the country, where he stages off-the-hook listener parties. These live bashes are jiggered with a constant parade of near-naked chicks who line up for Leykis to sign their racks with a Sharpie pen and crack their asses with the palm of his hand. Leykis groupies often ask Tom to spank them, tweak their nipples, slap their faces or let them blow him. "I don't do that in public," says modest Tom. "Sign my twat" is another popular request, but he laments, "A Sharpie does not write on a wet surface."

What do Leykis fans get for their rapt attention to his on-air tutorials? The gabber is the first to admit that his fat bankroll accounts for his prolific success in the sack. (According to Tom, he has bedded hundreds of conquests.) So how do his sad-sack, sex-deprived listeners obtain a taste of the plentiful poontang that Leykis enjoys? "You have to make yourself look like you have cash, or that you've got potential," Professor Tom advises his pupils. "It never hurts to be a medical student, or a doctor, or a lawyer.

"Any woman who fucks you because you're a lawyer deserves what she gets when she finds out you were lying."

"Besides," says the guy who swears he markets honesty, "any woman who would fuck you because you're a lawyer deserves what she gets when she finds out you were lying."

Is Leykis a misogynist? The radio host claims to love women as much as he loves to piss them off on the air and break up their marriages.

He's even been known to broadcast his tender side. Recently, a call came in from an 11-year-old boy who was out cruising with his father on a "Flash Friday"—the featured day when Leykis encourages women to expose their breasts to men who are driving with their headlights on. Leykis coyly announced how "special" it was that this child was going to see his first "rack" with his dad. He then asked the boy if his mother had a nice rack.

"I think the idea of a guy going out with his 11-year-old son on a Friday to look at racks is the best," says Leykis. "What better father/son relationship could you have than that?" A tear wells up in the childless cock jock's eye. He's laughing so hard, he's crying—all the way to the bank.

"I like to see a man with his ass spread, with a nozzle up it," says Nancy.

(continued from page 20) has become involved in BDSM, using an enema as a disciplinary tool. "If you have a submissive woman who is into a little humiliation, you may order her to strip and assume the position while you tell her what a bad girl she's been and that she's going to get a big punishment enema."

Anne Moore, a Chicago educational professional, discovered the joy of enemas when she was 15. "I was being given an enema and a high colonic as a treatment for really bad cramps. When the colon tube was removed, I had my first genuine, really strong orgasm. It took a while before I realized that this was not part of the [medical] treatment."

Anne went 35 years before the arrival of the Internet helped her find like-minded men. Anne now travels the U.S. and Canada to meet up with Web buddies for marathon enemaniacal bouts with butt plugs, inflatable nozzles, vibrators and good, old-fashioned anal sex.

Serra McConnell, a 34-year old tech-support worker in Albuquerque, New Mexico, believes that klismaphilia's physiological appeal is lost to many potential participants because of its psychological taint. "The biggest problem people have with this kink," explains Serra, "is that they see the anus as dirty and not suitable for inclusion in their sex lives, despite the fact that, in men, the prostate is highly sensitive and can only be stimulated rectally, and that, in women, the rectum lies directly behind the vagina and shares the same highly sensitive nerves."

Nonetheless, some klismaphiles have more fun giving than receiving. Nancy Ava Miller, MEd, a certified hypnotherapist and the head of fetish-advocacy group People Exchanging Power, finds her three to four daily enemas of no erotic consequence. The real kick comes when she can flood a male anus. "I like to see a man with his ass spread, with a nozzle up it," says Nancy. "The vulnerability of it is quite appealing."

Mistress Kali Ward, a Vegas dominatrix, enjoys doling out enemas to her clients with a douche nozzle. "There is a phenomenally kinky sensation I get from penetrating, from watching the sphincter open and close around this bulb ending, at the beginning of the penetration. It's a big turn-on."

Kali finds that most enema-minded clients desire some type of role playing. Favorite scenarios include the standard mistress/slave situation, medical play, in which Kali takes on the role of a doctor, and feminization, where the man's anus becomes a stand-in for a cunt. "The prostate, if massaged in the right way, becomes the man's clit," notes Kali. Less common is age play, where Kali pretends to be her customer's mother or aunt as she administers the enema.

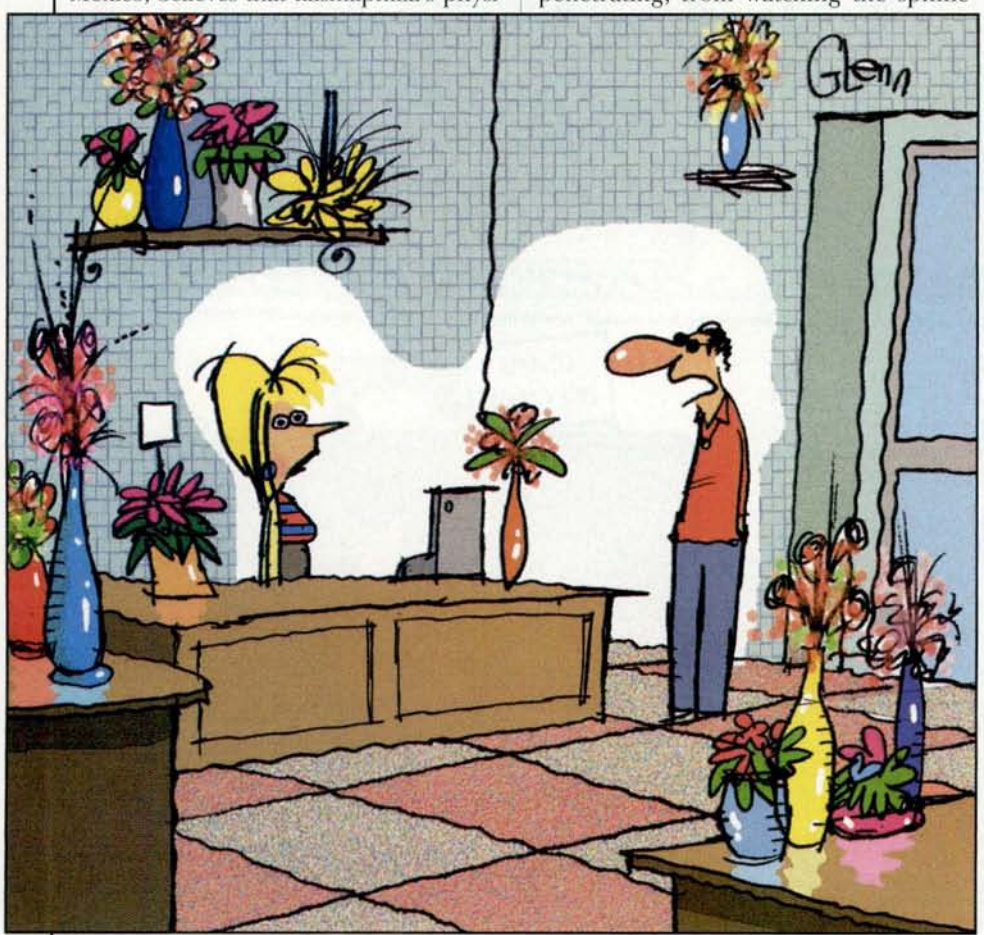
Despite the myriad carnal appeals of enema play, a certain stigma has always surrounded the practice, and continues to. "Some people have extra nerves in the back," says enema lover Anne, "and if you're one of those people, this is going to feel good. And if it feels good, why not? For a long time, this one particular fetish did not get written about, did not get talked about and really remained pretty hidden. It was pooh-poohed—'Oh, homosexuals do it.' Well, nobody stopped to think, *Wait a second, why [do homosexuals do it]?*"

In fact, some klismos fear that the lifestyle may be further fading to the periphery because medical usage of enemas has fallen far from its heady heyday between the 1930s and the 1960s, when enemas were used to treat everything from the flu to constipation. Today, medication and change of diet are the preferred methods to deal with such ailments.

"I believe that enemas are a slowly dying art," bemoans enema freak Phil White. "The medical profession won't delegate the time and energy required to administer them anymore."

More importantly, household and medical enemas have slipped away almost entirely. "You don't see many women under 30 in online communities," explains Steve. "When everyone got enemas back in the day, a few folks were bound to be turned on. The younger people who are enema-erotic got that way because of a dom/sub [*sic*] relationship."

If the practice dries up completely, enema addicts may have to find themselves a whole new bag.



"Do you have any flowers that can get a guy out of trouble for fucking his wife's aunt, cousin, two sisters and mother?"

PHOTOGRAPHY BY MATTI KLATT

"I'm still a little shy about this whole thing," Ivey admits. "This isn't my first time posing nude, but when my clothes are off and my pussy is spread, it sure feels like it." Luckily, the porn newbie has a technique to ease her nerves.

"In my community-college speech class, the teacher told us to imagine the audience naked. So that's what I do; I think of HUSTLER's readers with their cocks in their hands and their boxers around their knees."

Ivey reaches down to touch the moistness blooming in her cunt. "Yep," she says, tasting her finger. "That did the trick."

Give Her a Cum-Drenching the ultimate fuck She'll Never Forget

By Nancy Ann

Learning "The Ropes"...

I'd like to share a letter from a reader, about a secret that makes sex absolutely explosive (literally!).

Amy writes:

Nancy, my boyfriend has always been able to satisfy me sexually. With an ample cock-size, average endurance, and creative oral technique, he almost never fails to get me off. But what I experienced the night he returned home from a business trip in Europe was the surprise of my life—a fucking I will never forget, and an orgasm that no man before him has ever come close to equaling.

Since I love to suck cock, the second my boyfriend dropped his luggage I stripped off his clothes and proceeded to please him with my best welcome-home blowjob.

Before long my wet mouth had him pumping gob after hot gob down my throat and on my face. With a fistful of throbbing cock, I held on for dear life as he unloaded his sweet jism; these were "power throbs" that kept launching massive amounts of come. I've never seen anything like it—a man having a multiple! I was so totally turned on being nearly drowned with his super-human load. And it didn't stop there! He stayed erect, throwing me down on the floor and pounding my twat until we both had simultaneous, earth-shattering orgasms, practically causing both of us to pass out. The rest of the evening and throughout the week we fucked ourselves into a frenzy; his recovery time between these supercharged orgasms was that of a teenage boy.

Since that mind-blowing night, all I can think of is sucking and fucking my new "power lover" all hours of the day and night. Finally, curiosity got the best of me, so I asked what had turned him into such a fuck machine. His answer: He had learned "The Ropes."

Turns out my boyfriend had spent an evening in Europe with a Swedish nutritionist and his wife of 20 years. The couple was openly sexual and couldn't keep their hands off each other, so my boyfriend asked them their secret. The nutritionist explained he regularly took a natural supplement, and gave my boyfriend about a month's supply, telling him it would teach him "the ropes" of great sex.

The supply is about to run out, and we want to know where we can buy this incredible enhancement. Do you know if this product is available in the States?

Amy B.
Dallas, Texas

Amy, you and the rest of my readers are in luck, because it just so happens I do know about "the ropes," and the supplement your boyfriend's Swedish nutritionist friend likely shared.

The physical contractions and fluid release during male orgasm can be multiplied and intensified by using a product called Serogen. It's a natural, pure extract specially formulated to trigger better, more powerful orgasmic experiences in men. The best part, from a woman's perspective, is that the motion and experience a man can achieve with Serogen can help stimulate a strong female orgasm.

The term the Swedish nutritionist used is actually fairly common slang for the effect your boyfriend experienced. The enhanced contractions and heightened orgasmic release are often referred to as "ropes" because of the rope-like effect of release during climax.

As far as finding this enhancement in the States, I know of just one importer—Somalab. If you are interested, you can contact the company toll-free at 1-866-SOM-A-LAB or visit the Web site www.somalab.net. Serogen is an all-natural, herbal-derived tablet. Most people I've spoken with have said that just taking three a day has led to the roping effect Amy describes in her letter.

HEIGHT OF PERVERSITY

Mia

"You don't want to know what goes on in my head," warns Mia, "it's scary in there sometimes." Mia laughs nervously.

PHOTOGRAPHY BY CLIVE McLEAN

"I mean, my sexual fantasies are seriously perverse. If HUSTLER tried to print pictures of the filth I think of when I play with myself, you'd all wind up in jail."

Mia finally cracks a sly smile. "That's why I got into porn. If I didn't have some kind of outlet for my fucked-up thoughts, I'd probably explode."

Jeanna Fine Tells the Fucking Truth

Butt-love Basics

My girlfriend has finally given in and is going to allow me to fuck her in the ass. Her only caveat was that I allow her to nail me in the butt as well. I don't care; I'd do anything to slide my cock into her sphincters. I know you often offer advice to women regarding anal sex; do you have any tips for a man who's about to be cornholed by his babe? —J. V.
Annapolis, Maryland

First off, I applaud your sense of fair ass play. If you want to shove something that's six inches long and three inches around up a girl's ass, the very least you could do is take a digit or two up your own pooper. That being said, the same rules apply for both genders: Use a lot of lubrication, and make sure that if fingers are being used that the nails are clipped short and there are no hangnails. If the two of you are monogamous and have been thoroughly tested for STDs, you can disregard the whole safe-sex thing. However, ripping and tearing will still occur in any butt. Other than that, make sure there's lots of foreplay, lots of dirty talk to make it exciting, and, above all, take your time. The main thing is getting over the hump—so to speak—of the initial insertion. Once you're in, be it a finger or a dick, give it a beat, and don't immediately start flailing away. These things have to be worked up to slowly and delicately. Good luck.

Weight Etiquette

I have a very large wife. She's 5-11 and weighs approximately 330 pounds. Needless to say, she doesn't turn me on physically anymore. I love her and want nothing more than to see her return to the weight that she was when we met (140 pounds with measurements of 36C-27-37). How can I encourage her to lose weight without offending her? —C. C.
via Internet

You sound like a very sweet husband who truly does love his wife. As long as you haven't started with the "What's the matter with you? You look like a pig!" speeches, there are many things you can do to help. Examine your diets. Do you cook for yourselves, or do you eat a lot of takeout food? Are there snacks lying around the house? If you take part in the grocery shopping, you can slowly weed out the snack cakes and start buying more fish, chicken, fresh fruit and vegetables. Steaks and burgers are fine occasionally, and you can use one of those Foreman grills, which greatly reduce grease. You can make suggestions such as, "It's a beautiful night, why don't we take a stroll together?" or, "It's a gorgeous day, let's go for a walk in the park." If you have a dog, go out with the pooch, and throw a ball around. Start with little things. It doesn't immediately have to be three times a week for an hour at a time. You have to go slowly at first; if she is really out of shape, she'll tire easily. Most importantly, be supportive. Tell her how much you love her, and work with her at getting healthy.

Beat Master

Having never seen another man jack off, I have to guess I learned how to do it wrong. I tug on my prick with no lubrication and at a speed no woman can match. The result is that I almost never shoot off with a woman, because the sensation can't compare to when I'm by myself. Every woman who claims to be great at giving head hasn't even come close to making me splooge. I can easily beat off in front of a chick, so I know my ejaculatory reluctance isn't due to nervousness. I have no problem giving women orgasms, but they're still disappointed that they can't return the favor. Do I have to stop jacking off for a year or so, and then try to do it in a way that more closely approximates being in a pussy? Your input is appreciated. —P. M.
Ventura, California

There's no wrong way to masturbate, so whatever works is fine, but you're putting too much emphasis on the end result. The joy of the experience should be A through Z and not just focused on the goal of soiling your belly with your own seed. However, I know from my own personal experience that I had to take time off from self-gratification when I became unhealthily addicted to vibrators. The sensation was a very quick and easy fix, and eventually, I couldn't get off any other way. It was a tough habit to break, and it took a long time, but it was worth it because now my orgasms are more fulfilling. You could ease off a little on stroking and try improving your patience. Don't worry so much about reaching orgasm. Instead, enjoy what you're already feeling. You may be surprised to find that something that already felt good can become much more intense.

Bending Boner

My penis is starting to hang drastically to the right. I have started free-balling, hoping that not wearing underwear will help my dick straighten out. Will this help? What's going on with my crooked prong anyway? —M. S.
St. Louis, Missouri

I have no idea, sweetheart. Usually the shape of your dick is predestined from childhood. I find it interesting that people ask me such personal questions and don't think to ask their doctor. Don't be embarrassed to go to a physician, because even if he hasn't encountered your condition before, he has access to research and knowledge that can help. I'm not sure whether not wearing underwear will have any effect. Do me a favor—after you've spoken to your doc, drop me a line and let me know the diagnosis, because I'm curious.

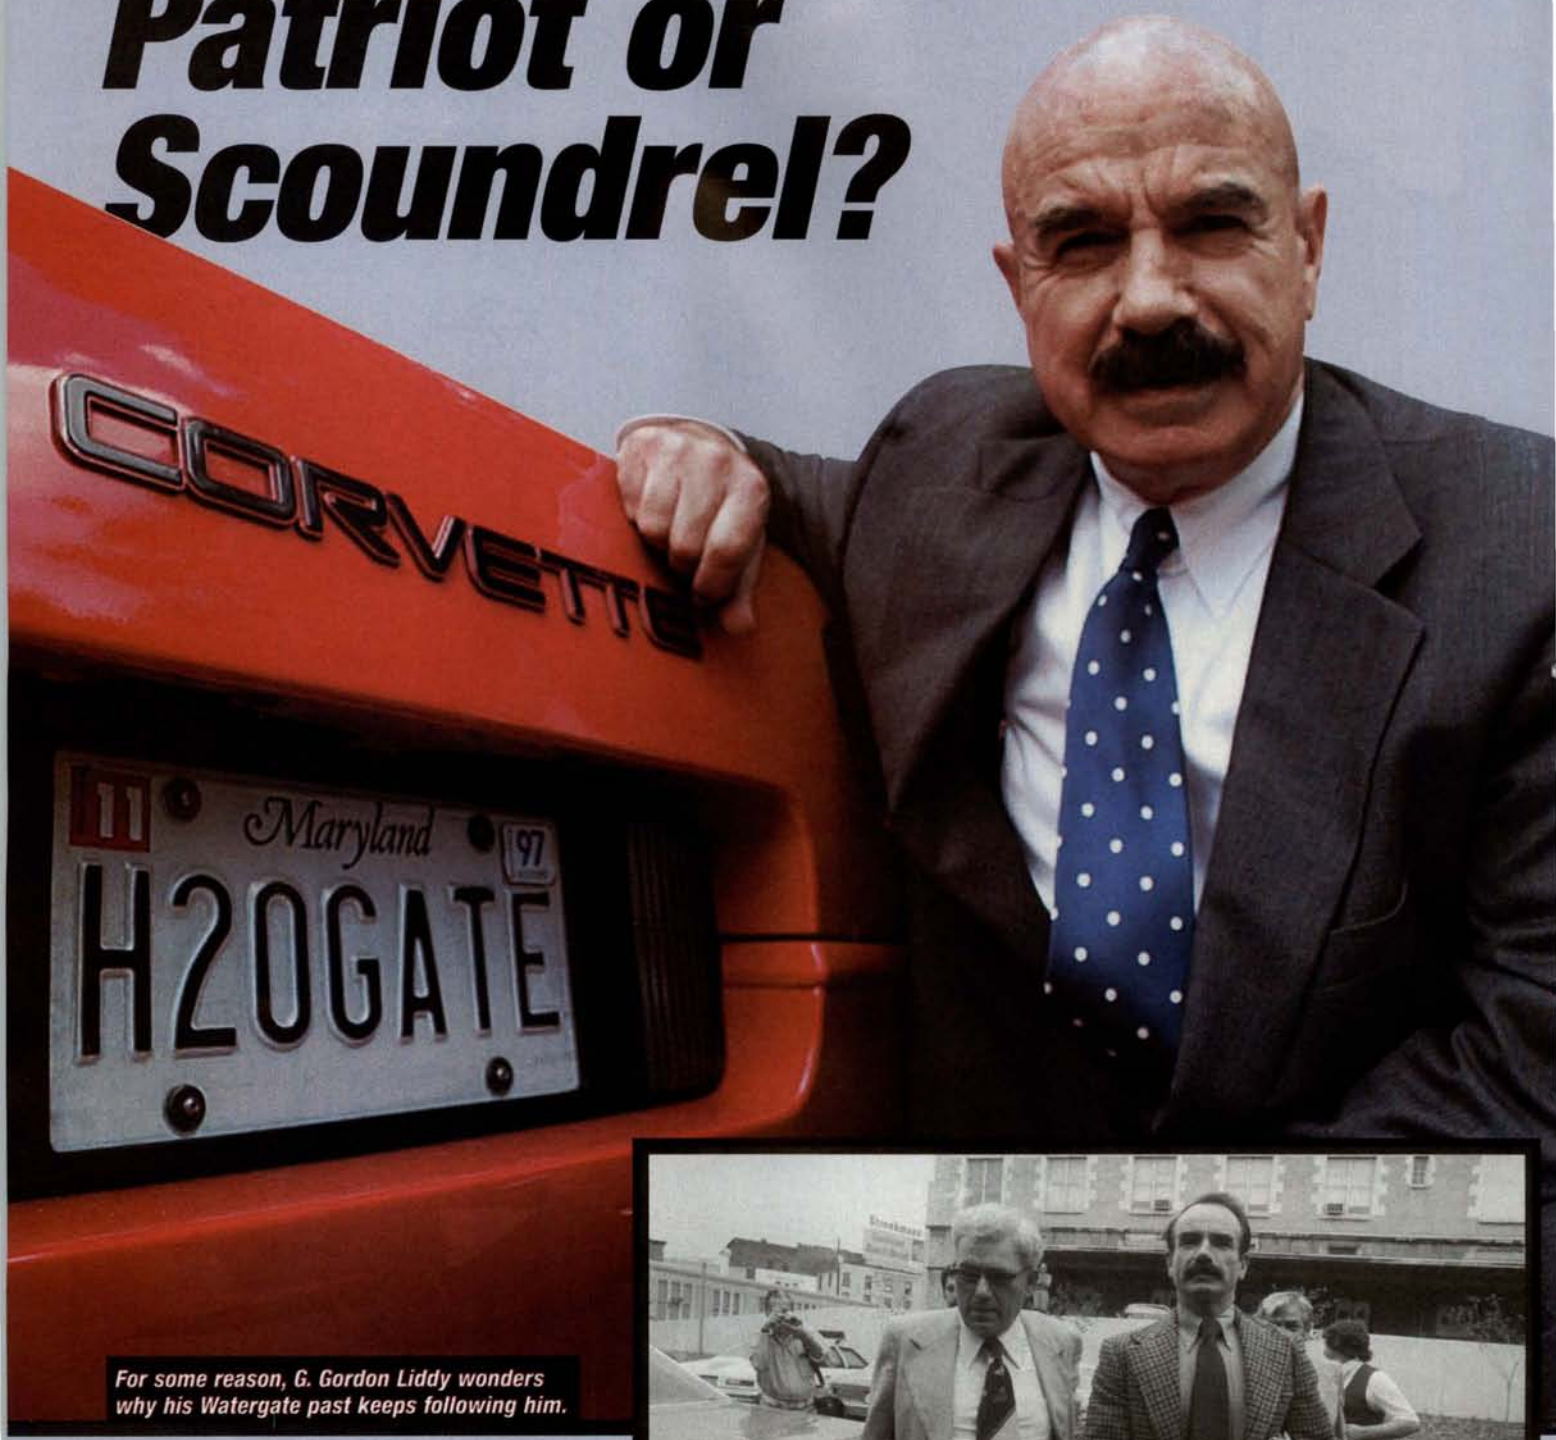
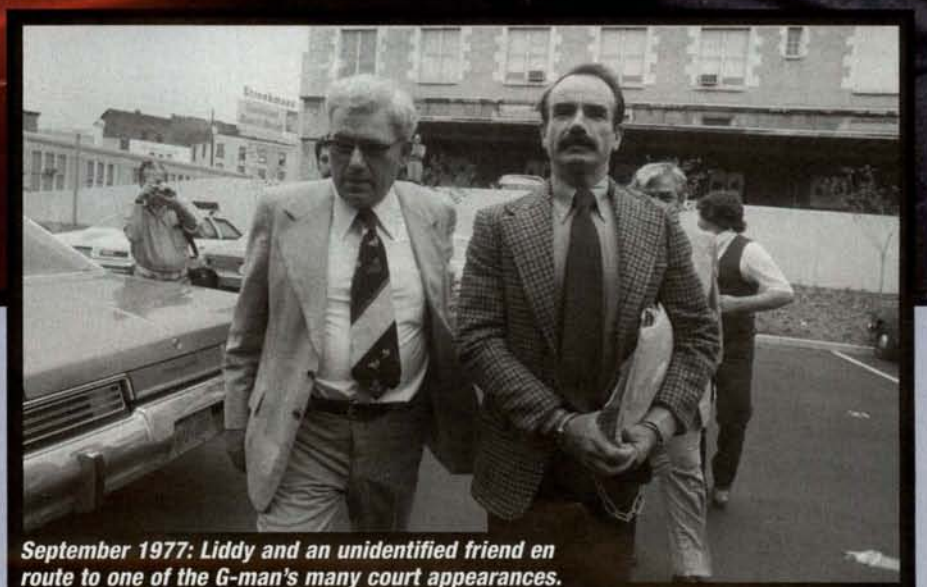
G. Gordon Liddy: Patriot or Scoundrel?



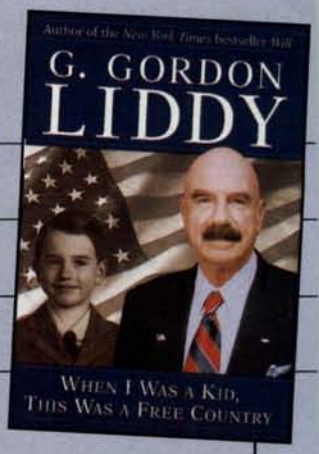
For some reason, G. Gordon Liddy wonders why his Watergate past keeps following him.



September 1977: Liddy and an unidentified friend en route to one of the G-man's many court appearances.

INTERVIEW BY BRUCE DAVID AND DAN KAPELOVITZ

The orchestrator of the Watergate break-ins and author of When I Was a Kid, This Was a Free Country *tells it like it was, at least as he sees it.*



Criminal-rehabilitation advocates could not ask for a better poster boy than G. Gordon Liddy. After spending nearly five years in prison for his roles in the Watergate burglaries and the Daniel Ellsberg break-ins, as well as for refusing to testify before Congress, the former rogue is now a successful radio talk-show host and author. He has written three best-sellers, including his highly entertaining autobiography, *Will*, in which he describes, among other things, how he overcame his fear of rats by eating one.

In his latest book, *When I Was a Kid, This Was a Free Country*, Liddy longs for the America of his youth, when a kid could walk down the street carrying a shotgun, burn leaves in the gutter and make homemade firecrackers. More importantly, Liddy fears that people have lost the right to speak their minds. As an adamant believer in freedom of speech, HUSTLER lets Liddy mouth off on the government, the media and the "whacko greenies" (i.e., environmentalists).

HUSTLER: Tell us about your book.

LIDDY: I experienced 70% of the 20th century and what little we've had of the 21st, and I was reflecting upon the fact that, these days, an awful lot of the liberties that I enjoyed as a youth are just not there. We lost them salami-tactics-style—just one slice at a time—always in the name of some perceived good, but we lost them. And the young people who I'm trying to reach do not miss what they never had. I want to show them what we used to have, how terrific it was, and alert them to the fact this is still happening, and that it's going to be up to them to stop it so that they don't lose even more.

HUSTLER: What do you believe are the causes for the erosion of our liberties?

LIDDY: The causes are that, unfortunately, the people who control this country—the elite in the media, the entertainment industry and in academia—believe themselves so better-educated than all the rest of us that they are anointed, if not by God then by divine right of punditry, to supervise the rest of us who aren't really smart enough to know what to do with our discretionary income. [They say] we ought to be buying small, roller-skate cars—we certainly should not be driving big SUVs the way I drive—and the way they exert control is through legislation. They get the approval for it by drumming it up in the editorial page, by yakking it up on the pundits' news programs on television and by having it blessed by the academics.

HUSTLER: Of course, on the Right, there's the giant corporations' influence on legislation.

LIDDY: The giant corporations are interested in advancing the interests of their shareholders and making money. That does not require them to restrict the liberties of the people.

HUSTLER: How do you respond to people who say that the corporations control our politicians?

LIDDY: The fact is they don't. Here is the problem with that argument: Essentially, it is the conspiratorial view of government, history and everything else that there is this great spiderweb, and in the center of the spiderweb sits, of course, the spider. Now, depending upon your particular prejudice, the spider is either the corporations, or it's the unions, or it's the Catholics, or it's the Jews, or it's the Masons, and they're controlling everything. Of course, that is nonsense. Even assuming, for the

It's a Mad, Mad, Mad, Mad World Trade Organization

With 144 member countries and more trying to join, the World Trade Organization (WTO) is the big daddy of global-commerce regulation, accounting for 97% of the world's trade. Along with the North American Free Trade Agreement (NAFTA), the Geneva-based WTO, which was slipped under Congress's radar in 1995, is undermining rights and freedoms that Americans take for granted.

The WTO aims to establish uniform trade rules and procedures to ensure the smooth operation of global commerce. Absent from this mission is any concern for local issues, human rights, health, labor and environmental safeguards. What makes the WTO and NAFTA unique among trade agreements are their powers to resolve disputes and enforce resolutions through fines and other significant economic sanctions.

A dispute taken to the WTO is resolved by a panel of three to five people picked from a standing international roster approved by the membership. The process is secret. Only national governments are allowed to participate. Individuals, state and local governments, and the press are excluded. Additionally, the process is expensive, thus leaving the less prosperous countries and smaller companies at the mercy of the big guys.

No member country can make laws that conflict with their WTO agreements. That means a conflict can be resolved in favor of a country in violation of another country's local laws. For example, if your state bans a gasoline additive because it's a carcinogen, and a company in another WTO member country supplied that additive under a WTO-protected trade agreement, the U.S. might be sued for millions of dollars. In effect, selected (not elected) WTO panel members could overrule your state legislature or municipal government.

Turning that much power over to appointed international officials goes against everything that the United States, with a government for and by the people, stands for. —Harry Walsh

sake of argument, that those institutions wanted to control the world or control the country, they would cancel each other out.

HUSTLER: What is your position regarding the World Trade Organization?

LIDDY: It is an attempt to organize, to some extent, what would otherwise be a chaotic situation. We're in a global economy now, and the various countries of the world are trying to compete with the giant economy of the United States. Thus, you have the European Union, in which the countries of Europe are creating a very large trading bloc so that they can compete with the United States. The United States is countering that by creating a trading bloc between the United States, Canada and countries to the south of us, and so on.

HUSTLER: As a loyal defender of America's sovereignty, aren't you concerned that the WTO supersedes our own authority and hammers out agreements behind closed doors? Shouldn't these decisions be made by the citizens?

LIDDY: The citizens, in their wisdom, elect representatives. We have a representative government, a republic, and they, in the citizens' name, enter into treaties. Treaties are agreements, like a contract. There's an adage in the law that all language is subject to construction. People disagree on the meaning of phrases, and they get into arguments. That's what the court system is for. In these international agreements, they

"These days, an awful lot of the liberties that I enjoyed as a youth are just not there."

anoint an arbiter, and everybody agrees, "Okay, whatever the arbiter says, that's what we'll go along with." That's not sinister; that's just efficient.

HUSTLER: Would you agree that, if the American people knew what was going on, they might be upset about these agreements that their representatives are entering into?

LIDDY: What's going on is their own fault. They're supposed to be informed voters.

HUSTLER: How do you respond to the accusation that the corporate-owned press is not reporting the real news?

LIDDY: We're back to the spiderweb, and there's holes in that, because not all newspapers follow the same line.

HUSTLER: But now there are only, perhaps, six megacorporations that control basically all the news outlets.

LIDDY: In my hometown here, Washington, D.C., you've got two newspapers. You've got the *Washington Post*, which is liberal, leftist, and reports [some] things and doesn't report other things inconsistent with their agenda. And you've got the *Washington Times*, which is quite the opposite; so you can get a balanced view by reading both, although I also read the European press. I find that sometimes very rewarding.

HUSTLER: I gather you don't believe there is an environmental catastrophe looming on the horizon.

LIDDY: No. To which one of the many Henny Penny, the-sky-is-falling environmental catastrophes that the whacko greenies are peddling are you referring?

HUSTLER: You have to admit that we have seen an explosion of chemicals added into the ecosphere, which this planet has never seen before.

LIDDY: No, I don't. The air is actually probably cleaner right now than it was in my youth. I grew up not terribly far from Jersey City, New Jersey. "Everything for industry" was its slogan, and a smellier place you would never experience.

HUSTLER: You're talking about a coal-burning age in which the pollutants were, relatively speaking, benign. Two months ago, California Governor Gray Davis overturned a proposal that would have prevented recycling radioactive, contaminated metals into scrap, which will then be recycled into spoons, knives, zippers, your kids' braces and what have you.

LIDDY: There's a natural background radiation, and a lot of things radiate. What I would like to know, with respect to the example that you quote, is what is the level of radiation? If it registers on something which is recognized by scientific standards as hazardous, it should be banned. If it does not, then I would put it in the category of these environmental whackos who are terribly concerned about the pollution from CO_2, which is carbon dioxide. If you don't have carbon

Recycling Radiation: Is Salvaged Metal Giving You Cancer?

Everybody knows that we have, literally, tons of radioactive waste in this country, but few people realize that metal containing harmful levels of radiation is being sent to scrap-metal dealers, who sort it, compact it and send it back out for the production of items that we use every day, including pots, belt buckles, dental braces and tools.

Fourteen people developed cancer from radioactive gold that had been "recycled" from a New York-state owned cancer research center. At least one person died; others had parts of their hands amputated. The victims and their families sued but lost, even though more than 170 radioactive pieces of jewelry were found in a survey by the state health department.

The nuclear industry claims that the level of radiation in recycled material is safe. Pro-nuclear advocates often tout that there is less radiation in a piece of scrap than in a chest X-ray. What they fail to mention is that the greatest danger of triggering cancer and birth defects resides not in the amount in each item, but the frequency of exposure. An X-ray lasts a second; kids often wear braces for years.

No one knows what constitutes safe radiation levels. Experts on the public-health side say exposure to any radiation can have a serious impact, but the regulatory agencies keep relaxing their own standards, which they are unable to enforce in any case, to suit the needs of the nuclear industry.

Historically, the regulating agencies have not been consistent. The Department of Energy has taken a case-by-case approach, sometimes allowing an expected cancer rate of one case out of 300 who are exposed. For other situations, the EPA has applied the standard of one case in a million.

These guidelines are not good enough for steel workers. When radioactive reclaimed steel is melted, particles can enter the air breathed by the workers. In fact, the steel industry, in general, wants nothing to do with recycled radioactive metals, with good reason. It's bad for business, and according to a Frank Clifford article in the *Los Angeles Times*, the Steel Manufacturers Association reported 50 incidents of reclaimed steel contaminated with more radiation than the government considers safe.

The economic incentives for the nuclear industry are, however, enormous. According to Susan Q. Stranahan of *Mother Jones* magazine, with recycling and access to regular landfills, the industry can dispose of waste at a cost of $300 million. Without such options, disposal costs leap to $12 billion.

Nuclear company Rocketdyne's Santa Susana Field Laboratory site in California illustrates how contaminated material has been economically slipped into the mainstream. Dan Hirsch, founder and president of the nonprofit organization Committee to Bridge the Gap, which labors to protect your health from the nuclear industry and their government pals, has exposed the fact that, in 1959, a Santa Susana experimental nuclear reactor partially melted down, spreading radioactive gases. The meltdown, according to the *LA Weekly* ("Rocketdyne's Red Glare," by Michael Collins, December 11, 1998) did not receive attention until 1979, when a student working with Hirsch found a reference to it.

When the EPA visited the Santa Susana site in early 2000, Hirsch tagged along. What they found, Hirsch says, infuriated the EPA inspectors. Half of the buildings were gone. The construction material went to municipal landfills, though the company representative on site first said all materials went to "appropriate" places. Metals actually were sent to a recycling facility in San Pedro, California, and, from there, were redistributed untracked into the mainstream.

No one really knows what radiation levels the recycled Santa Susana material contained.

This is not an isolated incident. More than six million pounds of nuclear waste from an Oak Ridge, Tennessee, complex also went untracked into ordinary landfills and unregulated metal recyclers.

Right now, the nuclear industry wants to recycle more than a million more tons of radioactive metal. The trend is to relax the standards and allow more radioactive waste into the general population, making it even more likely each of us will receive the multiple exposures that experts consider dangerous. If we're lucky, only one in 300 of us will get cancer. **—Harry Walsh**

dioxide, every plant in the world would die, and that is the deadly pollution that comes out of your mouth, sir, when you breathe out.

HUSTLER: Without knowing whether these radiation levels are harmful or not, would you knowingly put these braces on your child?

LIDDY: I would find out. I'll tell you what you do: You get yourself an ion chamber or a Geiger counter; somebody comes and says, "Here, put these braces on your kid's teeth," and you use the ion chamber or the Geiger counter. If the thing goes [makes sputtering noise], like that, hey, don't put them on your kid's teeth. If it doesn't, put them on the teeth.

HUSTLER: Dan Hirsch, the antinuclear activist and researcher who exposed a 1959 nuclear meltdown in Simi Valley, California, that had been covered up, says it's very difficult to detect these levels of radiation with a Geiger counter.

LIDDY: If the assertion is that there exists still some radiation coming from that area, and if the assertion is that the radiation is not detectable by Geiger counters or ion chambers, I fail to see the

hazard. After all, nobody ever caught a cold at Three Mile Island.

HUSTLER: Except that there is a huge cancer cluster in that end of Simi Valley, which is where [nuclear-power company] Rocketdyne is located, and also in the surrounding areas.

LIDDY: *Post hoc ergo hoc*. That is Latin; it means, "After the fact, therefore because of the fact." That is a classical logical fallacy. All these elements, which *could* pollute if they were released in sufficient dosage—if you study toxicology, you will know that the poison is in the dose. You can take minute amounts of all kinds of things which, if you took large amounts of, you'd be in serious trouble.

HUSTLER: But can you take small amounts of the thousands of types of chemicals or pollutants that we pump out every day?

LIDDY: What chemicals? I mean, there's all kinds of things. Bicarbonate of soda? What are you talking about?

HUSTLER: What about the fact that Brookhaven Nuclear Laboratory was leaching plutonium into the water supply of Long Island for 11 years before they reported it?

LIDDY: Then they were certainly remiss in their obligation to their fellow citizens. Plutonium is highly dangerous. It's very, very poisonous. Again, I would ask you, how much, *(continued on page 104)*

Question: Why don't roosters have hands? Answer: Because chickens don't have tits.

A knockout young lady decided she wanted to get rich quickly; so she proceeded to find herself a wealthy, 73-year-old man, planning to screw him to death on their wedding night.

The courtship and wedding went off without any problem, in spite of the half-century age difference. On the first night of their honeymoon, the gold digger got undressed and waited for her husband to come out of the bathroom and into bed.

When the geezer emerged, however, he had nothing on except a rubber to cover his 12-inch erection, and he was carrying a pair of earplugs and a pair of nose plugs. Fearing her plan had gone astray, she asked, "What are those for?"

The old man replied, "There are just two things I can't stand: the sound of a woman screaming and the smell of burning rubber!"

A blonde pushed her BMW into a gas station and told the mechanic the car had died. After he worked on it for a few minutes, it idled smoothly.

Amazed, she asked, "What's the story?"

"Just shit in the carburetor," the mechanic said.

"Really?" the blonde replied. "How often do I have to do that?"

The HUSTLER Dictionary defines *pole dancer* as: a stripper who wears long johns under her costume.

Little Gina opened the back door of her house and yelled, "Ma! Can a nine-year-old girl get knocked up?"

"Of course not," Mom called back from the kitchen.

Gina turned around and shouted, "Get back in the clubhouse, you guys. I *told* you she'd be cool with it!"

A young couple went to the doctor for their annual physical exams. After, the doctor called the young man into his office.

"Your fiancee has a type of gonorrhea that I have only heard of once before," the doc said. "Are you sure you want to marry her?"

The guy stood up for his future wife. "So what if she has the clap?" he said. "She never said she was a virgin."

"This is a particularly nasty strain," the doctor countered. "I only heard about it this week from my dog's vet."

A nun walked out of a church and saw two boys kneeling down with their penises stuck in the snow. She ran over to them and cried, "Johnny, Billy—what are you doing?"

Johnny looked at her and replied, "Father O'Brien likes a couple of cold ones after the service."

Question: What do Iraqi women call goats?

Answer: Competition.

After having their 11th child, an Alabama couple decided that was enough, as they could not afford a larger bed. So the husband went to his doctor and told him that he and his wife didn't want to have any more children.

"There is a procedure called a vasectomy that would fix the problem," the doctor told him, "but it's expensive. A less costly alternative is to go home, get a cherry bomb, light it, put it in a beer can, then hold the can up to your ear, and count to ten."

The Alabama man replied, "I may not be the smartest guy in the world, but I don't see how putting a cherry bomb in a beer can next to my ear is going to help me."

"Trust me," said the doctor.

The man went home, lit a cherry bomb and put it in a beer can. He held the can up to his ear and started counting: "One, two, three, four, five," at which point he paused, put the beer can between his legs, and resumed counting on his other hand.

A slut walked into a drugstore and asked the pharmacist if he sold extra large condoms.

He replied, "Yes, we do. Would you like to buy some?"

She responded, "No, sir, but do you mind if I wait around here until someone does?"

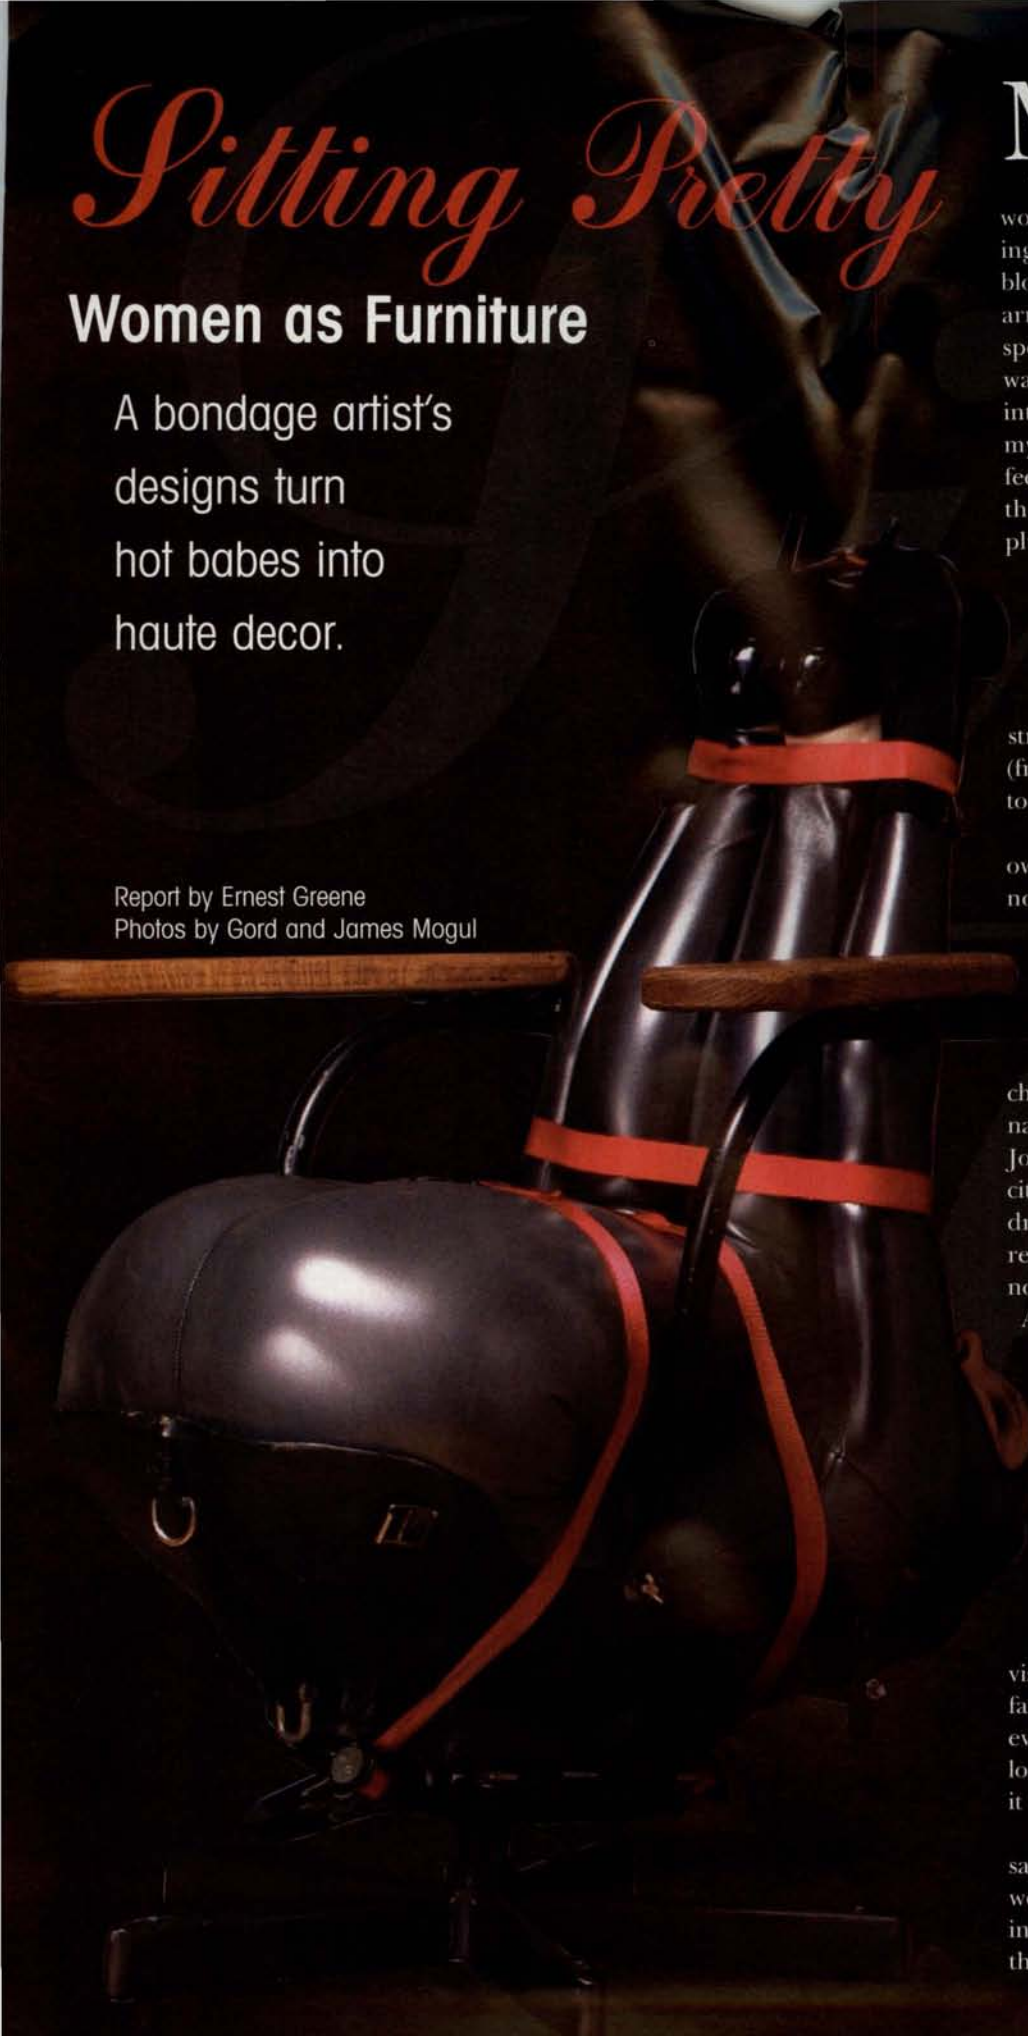
Sitting Pretty

Women as Furniture

A bondage artist's designs turn hot babes into haute decor.

Report by Ernest Greene
Photos by Gord and James Mogul



Model Blanche Maynard knows how it feels to be an office chair.

"When I was first exhibited, it was wonderful having all these people looking at me," recalls the perky, slender blonde with a pixie haircut and a disarmingly candid manner. "Some of [the spectators] didn't realize at first that I was a real girl who had been done up into a chair. Their voices were muffled by my hood, and all I could see were their feet, because of the device I was in. Then there were the sensations of people plunking themselves down on me, slapping my ass and so on. Being objectified—literally—made me very wet."

Protean kinkmeister Gord, who created the custom-molded apparatus into which Ms. Maynard was strapped, has coined the term *forniphilia* (from the Old French *furnir*, to furnish) to describe his craft.

But while the appellation is Gord's own, the concept of "human decor" is not new; its association with sexual bondage dates back to at least the origins of kink as we know it. The Marquis de Sade's writings describe extravagant orgies with *tableaux vivants* tables and chairs, assembled from rigidly bound, naked bodies. Much later, fetish artists John Willie and Eric Stanton (the latter cited by Gord as a primary influence) drew on this theme for illustrations now regarded as genre classics. The same notion was later incarnated in pop-artist Allen Jones's late-'60s installations of fetishistically clad mannequins as coffee tables, now part of the Museum of Modern Art's permanent collection. Jones influenced filmmaker Stanley Kubrick on the design of the futuristic Korova Milk Bar in *A Clockwork Orange*, where contorted female figures dispensed psychedelic elixirs from their nipples.

It took modern technology and the vision of a man obsessed to bring these fantastical creations to literal life, however. Given Gord's profound and lifelong engagement with feminine restraint, it was probably only a matter of time.

"I was, perhaps, 19 years old when I saw my first Eric Stanton rendering of a woman tied up as a chair, but I'd been interested in bondage for a long time by then," Gord explains. "I was very wor-

ried about my fascination with the subject at first, afraid I'd grow up to be a murderer or something. But when I saw my first Nutrix bondage book, *Citadel of Suffering*, in my midteens, I realized that there were others like me who had found acceptable outlets for their desires. I'd always seen women as these incredibly powerful creatures, and, for me, when they're bound, it increases their power a thousandfold."

Gord acquired a unique set of skills to realize his fantasies. Starting back home in England, the budding carnal craftsman pursued his studies in engineering—electrical, mechanical and hydraulic—along with his restraint-oriented predilections. The rest was a matter of trial and error.

"My first furniture-bondage creation was a lamp stand back in 1983, which held a model in a standing position with a shade over her head. I even wired it so her bulb would actually light up. It was not very good for reading, though; the girl kept jiggling around, especially when I put the vibrator on her."

But it was "the chair," as it's universally known among Gordians, that created what Lady Serena, the artist's wife, muse and business partner, calls "the forniphilia niche market." Transplanted to America's Pacific Northwest, Gord began work on the prototype in an associate's garage in 1996. "I started with a hammer, a hacksaw, a box cutter and some steel tubing, from which I made a rudimentary steel frame." The hard part was "figuring out how to restrain something that's easily damaged in an extreme way without damaging it."

"It's a huge engineering feat, taking an artist's drawing into reality with a real woman's body," says Lady Serena. "Women's bodies are all different, and they change subtly with every movement. Gord's experience with fiberglass made it possible to construct custom body molds that would extend the time a woman could endure in superintense bondage."

The result resembled a conventional, wheeled office chair, upholstered with feminine curves covered in tight latex, topped off by a pair of high heels as a headrest. The finished creation was an immediate hit on the House of Gord Web site and in semipublic fetish venues where the chair was displayed.

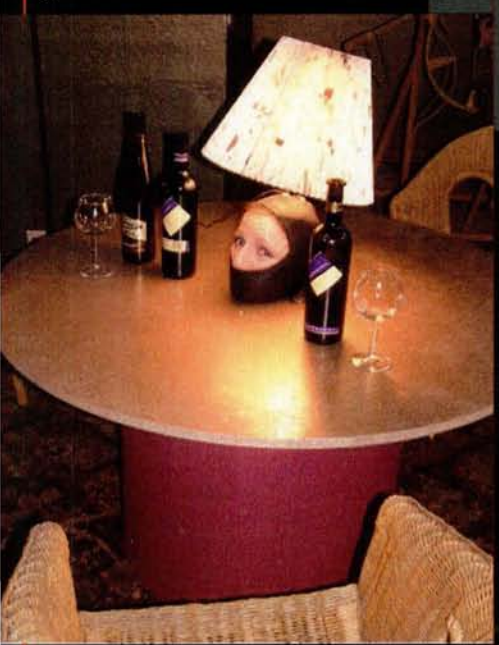
The forniphilia section of the Web site is so popular, and the reaction to Gord's furniture creations so positive, the maestro has been moved to envision more ambitious creations.

"I'm designing a workstation I call the Ellison 2000. It will use three women: two to form a desk and chair, and one to rise out of the floor inside a hydraulic-lift cylinder that will bring her face to crotch height. That way, I'll be able to get a blowjob while I'm working, without having to leave my computer."

"Forniphilia plays with the idea of objectification in a way that's both literal and tongue-in-cheek," Lady Serena observes. "Unlike conventional rope bondage, for instance, this really takes away the individual's identity, turning a human being into something other. There's a definite aesthetic appeal, visually, especially if a woman has a nice bum, along with a certain limberness and a good sense of humor. In private, the

chair is surprisingly practical. It's really a pussy on a frame that can be used for sex in many positions."

"A pair of split-crotch tights makes it possible to have all sorts of fun with fingers and vibrators and such," Gord adds.



The sensations of being furni-formed are quite familiar to Lady Serena, who has thoroughly enjoyed being a chair, a chandelier and a footstool "with my ass up in the air."

"There's the physical thrill of the constriction," observes Lady Serena, "the test of striving to endure for as long as possible, the accessibility to hands and other things. Then there's the mental aspect: the feeling of being examined and admired, the sense of helplessness and surrender of control, the kind of meditative space it puts me into. In some ways, it's a very inward experience. At the same time, the whole experience can't help but be a bit comical."

Safety is a prime concern in forniphilia. "You need to have constant communication with the bound person," says Gord. "We establish safe words, or equivalent sounds or gestures if the person is gagged, and we watch constantly for any subtle, tiny sign of difficulty."

Forniphilia model Blanche Maynard, who has probably put in more chair time than anyone, makes the explicit connections between her furniture play and her wider BDSM enthusiasms.

"I've always enjoyed being immobilized or held down while fucking," Maynard offers. Plus, "Being strapped down and made into a chair or a lamp or a table makes me feel both beautiful and useful—there to be admired by my partner, who will lovingly ravish and use me later. After an installation, I'm ready to do it all again next week."

"I've always enjoyed being immobilized while fucking," Maynard offers.

(continued from page 77) what in, and what were the parts per million, who died from it and so forth?

HUSTLER: You think the American press has a leftist bias, rather than a right-wing, pro-corporate bias, but recently 200,000 people protested in New York against the war and received shockingly little coverage, considering how many people showed up.

LIDDY: The reason, I suspect, is because those were the usual suspects. If you check the people who were there, it's your old Marxist Socialist Workers Party people, former Communist Party member people, hard leftists. One would expect them to take positions against the United States.

HUSTLER: Even if they're Communists, we don't exclude such events from the news; a 200,000-person rally is almost as big as the Vietnam demonstrations well after that war began.

LIDDY: But so what?

HUSTLER: It goes back to the issue of whether there's a left-wing or pro-government, pro-corporate bias in the press.

LIDDY: Except that that was evidence of left-wing bias, because they wouldn't want everybody knowing that all these Socialists and Communists and what have you were the ones who made it up.

HUSTLER: What do you think of the USA PATRIOT Act as it relates to the freedoms in this country?

"CIA director George Tenet is far more interested in sensitivity training than collecting intelligence."

LIDDY: I'm very wary of the PATRIOT Act. First of all, I was deathly against the internal-passport aspects of it. That got struck down, fortunately, in the Congress. The business where all the postal workers and utility people were supposed to be snitches—that got shot down, thank God. I do not like some of the provisions of the wiretapping statutes that are in there, because I think that they infringe on the Fourth Amendment. I would be very, very careful about the PATRIOT Act. We're gonna have to be eagle-sharp in watching them on virtually every case.

HUSTLER: I take it you're more forgiving of a Republican President passing this kind of act?

LIDDY: No, I'm not forgiving at all. I don't like the act. I'm sorry that it got through.

HUSTLER: How do you feel about the Bush Presidency in general?

LIDDY: I think it's very good, because he is pressing the war on Iraq; he's defending the United States. The best defense is a good offense.

HUSTLER: How do you justify the Iraqi war, since, apparently, there's no evidence they have nuclear weapons? Even the CIA recently rebutted the President's statement that Iraq was a threat to the United States, saying they pose no threat unless we attack them.

LIDDY: That CIA is the CIA under George Tenet, who is a Clinton holdover. He is far more interested in diversity, sensitivity training and all of that than he is in collecting and analyzing intelligence, and doing it properly and well. That report has been discredited itself by the rest of the intelligence community, and the fact is, no, Saddam Hussein does not possess a nuclear bomb. He has the entire nuclear bomb ready to just drop in the active material, which is U235. He only needs about the size of a softball, and he's good to go. I don't think it wise or prudent for us to wait until he gets that and uses it, say, against Israel, and then say, "Oh, all right, now we're going to take him out." I remember when Adolf Hitler marched in the Rhineland. We could have stopped Adolf Hitler then, and millions of lives in Europe would have been saved. I think we should learn from history.

HUSTLER: As a former FBI agent, how do you feel about the FBI being told not to look into the Bin Laden family before 9/11 because of Bush's connections to the Bin Ladens?

LIDDY: The Bin Laden family is not all tainted with the guilt of Osama bin Laden. It's a huge family, a big clan, and they have disowned Osama bin Laden. They don't talk to (continued on page 159)

Devinn Does Dick

AT HUSTLER HOLLYWOOD

As unsuspecting morning patrons sipped lattés and leafed through magazines in HUSTLER Hollywood's cafe, a few feet away, four sweaty sex performers noisily filmed a fuck scene in the stockroom.

Unbeknownst to the coffee drinkers, they were in the presence of two pornographic milestones. The first was the filming of a XXX flick at the famed Sunset Strip sex emporium, for Wicked Pictures's upcoming video, *The Devinn Lane Show #5: Save the Best for Last.* Second, and even better than HUSTLER Hollywood's transformation into a porn set, was Wicked contract girl Devinn Lane's decision to begin fucking dudes on film. The veteran slit-licker chose Evan Stone to do the honors, a fact he wasn't aware of until Devinn dropped to her knees on camera and sucked away.

Shooting began in the aisles of the store, with Devinn, Evan and Jessica Drake prowling the boutique for sex toys. Newcomer Dolorian, acting the part of a typically courteous and helpful HUSTLER Hollywood employee, offered her expertise to the three blue-screen stars. After the shoppers chose their merchandise, Dolorian whisked the eager bunch through a side door and into a stockroom for a sweaty demonstration of their new playthings.

The storage space was alive with the sounds of sex. Evan boned all three lasses silly, saving onscreen penile initiate Devinn for last. The rut concluded with Stone dousing the professionally deflowered tramp with a cascade of jizz. Jessica and Dolorian quickly joined in to lick Devinn's face and tits clean of the remaining man jam. The three girls kissed, Evan smiled, and outside, in the adjoining store, perverted customers continued their erotic shopping without the faintest hint of the historic events for which they had been present.

Trailer Trash Nurses #6

Directed by Jerome Tanner.
Starring Stormy, Hannah Harper, Cameron Cain, Autumn Haze, Calli Cox, Nikki Night, Joel Lawrence, Mark Ashley, Chris Cannon and Lee Stone.
Videocassette: Legend Video.

Hicks in distress are saved by whorish angels of mercy in *Trailer Trash Nurses #6*. While ministering to NASCAR pit-crew members, Klansmen and assorted trailer-park denizens, Hannah Harper and her associates reveal the healing properties of fellatio, anal sex and big tits. Early on, a lifeless mook is revived when Hannah and Calli Cox slurp his drooping schwang. The sight of Hannah and Calli bursting out of tight uniforms and trading licks on their patient is enough to raise any stroker from the dead. As an added bonus, they take turns being pounded by the revived swordsman, who alternates between plugging Hannah's shitpipe and drilling Calli's slit. Among the crudely funny redneck jokes, writer Nelson X works in a poignant story of redemption for megatitted vixen Stormy, making *Trailer Trash Nurses #6* a sure cure for the ailing stroker.

—Clive Thurstwood

Cupid's Arrow

Directed by Jonathan Morgan.
Starring Sydnee Steele, Nicole Sheridan, Aurora Snow, Crystal Carter, Randy Spears, Mark Davis, Steve Hatcher, Billy Glide and Voodoo.
Videocassette: Wicked Pictures.

Cupid's Arrow hits the mark as an often-funny XXX take on television dating shows. The setup moves quickly to the bedroom, where top-shelf jizz queens raise the Nielsen ratings as fast as they raise flesh bones. Aurora Snow hams it up as a fickle Estonian interpretive dancer who beats the shit out of her first date, then greedily hoovers her second companion's meat mast. Freaky goth chick Crystal Carter impales her gash on Billy Glide's beefy stake. Nicole Sheridan is an aspiring singer who stretches her throat muscles with schlong, and a dripping-wet Sydnee Steele screws poolside—twice—to bookend the action. The dating-game shtick is worth a few laughs, but gets stretched thin at the end by increasingly pathetic suitors. The sheer array of goons hitting skins with revved-up sexpots, however, keeps *Cupid's Arrow* right on target.

—J. P.

Zana a.k.a. Filthy Whore

Directed by Kid Tea.
Starring Zana, Nikita Denise, Herschel Savage, Dale D'Bone, Chris Cannon and Joel Lawrence.
Videocassette: X-Traordinary Pictures.

More than living up to its title, *Zana a.k.a. Filthy Whore* shows that the titular, slatternly blonde is one of the most entertaining cum targets in the industry—not that Zana's acting earns any distinction. Zana's appeal, which is bolstered by her inflated jugs, long legs and all-hole access policy, is mostly based on the fact that this slightly snaggletoothed trollop makes the strangest fuck sounds ever recorded outside of a nature show. Only repeated viewings reveal that Zana is grunting, "Keep slamming your cock in my pussy!" as Joel Lawrence drills her snatch. Later, in a segment where Dale D'Bone reams her dumper, Zana sounds as if she's hiccuping and speaking in tongues. With five vignettes showcasing Zana, the tape lacks the variety that some strokers may seek, but fans of Zana or vocal chicks can look forward to an eyeful and an earful in *Zana a.k.a. Filthy Whore*.

—C. T.

Lost Hienie

Directed by Veronica Hart.
Starring Julie Meadows, Krystal Summers, Kellyfire Steele, Keisha, Justine Romee, Sabrine Maui, Ian Daniels, Chris Cannon, Randy Spears, Steve Hatcher and Hamilton Steele.
Videocassette: VCA Pictures.

A wise-cracking porn spoof of David Lynch movies with Baretta in mime face thrown in for "good" measure, *Lost Hienie* [*sic*] is overwrought sleaze that's packed with thrills. Mercifully, the intentionally goofy plot quickly leads to perversion, and the viewer barely loses sight of Julie Meadows's luscious heinie, as she stars in half of the flick's ball-draining sex scenes. Julie kicks things off with a front-seat fuck while driving down the highway. The threesome between Julie, Krystal Summers and the Baretta wannabe puts things in high gear. Kellyfire Steele also takes a ride as a charade-playing waitress with giant chest pillows who's ass-fucked by a fry cook. Julie caps her performance with a double stuffing in a movie theater with two studs who nut-butter her popcorn. *Lost Hienie* thankfully leaves its plot by the roadside in favor of pud-pounding excitement.

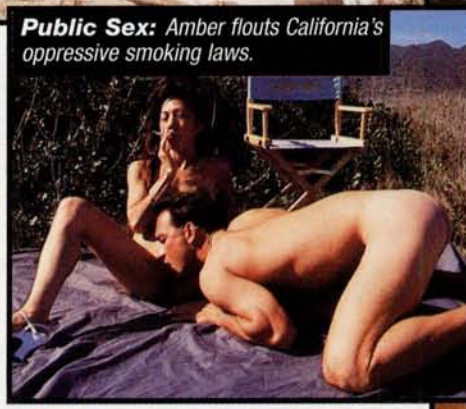
Black Attack: *The fashionable Sierra sports her tit earrings.*

Public Sex: *The reason Holly's back never tans.*

Black Attack: *Monique and Kitten try the other white meat.*



Public Sex: *Amber flouts California's oppressive smoking laws.*

Sordid

Directed by Paul Thomas.
Starring Cassidey, Meriesa, Taylor St. Claire, Egypt, Sky Taylor, Maya Divine, T.J. Cummings, Eric Price and Dale D'Bone.
Videocassette: Vivid Film.

Unlike most releases from Vivid, *Sordid* treats its audience to three hot ruts before bothering with plot. That's a nice switch from the company's tendency to bog down its spank fodder in fatuous storylines. After establishing that Dale D'Bone spends his days fucking many attractive women, including a seductively tied-up Meriesa, Vivid contract girl Cassidey comes oozing into the picture. Infatuated with the waif's tight snatch, D'Bone drops all of his side ho's. Ironically, it turns out that Cassidey is an unrepentant slut. Although Dale is upset when she brings over Taylor St. Claire and Eric Price for a foursome, viewers will be pleased with the shrimp cocktail-topped boff that ensues. There are some painful moments of philosophizing from Dale, but Cassidey's cock-hungry antics in three separate scenes make *Sordid* a solid dose of filthy fun.

—C. T.

Public Sex

Directed by Sandy Bunz.
Starring Holly, Candy, Sabrina, Sapphire, Amber, Valentino, Cam Shaft, Dino Bravo and Harry Pottor.
Videocassette: Flash Point Productions.

The fuck-and-run tactics of *Public Sex* are simple and to the point. Sun-kissed blond vixen Holly romps on a nude beach, sucking and fucking her way to a facial in ten minutes flat. Sabrina, a young redhead with a huge rack, rides cock on a freeway bridge butt naked. The camera-work struggles to capture all the action in bright sunlight, but still delivers a front-row view of the carrot-topped trollop's ivory jugs bouncing while motorists whiz by. Busty nympho Amber provides the grand finale, coolly smoking a cigarette and mouthing an endless stream of inspired filth while being ravaged in the bushes. The secluded locale also allows for a longer scene, where the perky, flame-tressed tart smokes cock as superbly as she does cancer sticks. *Public Sex* performs a useful public service by giving peeping Toms a way to get their rocks off without leaving the house.

—J. P.

French Kiss: Phoenix Rising

Directed by The Chandler Brothers.
Starring Phoenix Ray, Isis Love, Alaura, Daisy, Michelle Michaels, Felix Vicious, Dillan, Ceasar Cruz, Bobby Swade and Marco Pollo.
Videocassette: Hollywood Video.

Despite a succulent collection of strumpets, *French Kiss: Phoenix Rising* fails to generate the heat that its gash promises. With five vignettes that try to pass off bare-bones production values as sleek minimalism, the vid soon becomes as monotonous as the tinny drum machine that accompanies the action. Nevertheless, a few scenes stand out, including a chocolate body-painting session between Isis Love and ineptly named video wench Felix Vicious. The nimble-tongued duo eagerly lick sticky, sweet frosting off each other before capping their fun with a dildo. Elsewhere, Alaura, a luscious young Latina, looks even better with a dick stuffed in her crap hatch, and Phoenix Ray demonstrates dazzling choad-huffing skills while sucking off two mooks. Those moments are too brief for *French Kiss: Phoenix Rising* to ever take flight.

—C. T.

Black Attack

Directed by Tom Byron.
Starring Caramel, Sierra, Ebony Barbie, Mandy Malone, Monique, Kitten, Mark Davis, Tony Tedeschi and Lee Stone.
Videocassette: Extreme Associates.

Black Attack serves up so much dark meat and stuffing you'll think it's Thanksgiving all over again. Caramel is a fake-titted fellatrix whose ass cheeks flap together while riding Mark Davis's turkey neck. Sierra's an attractive salad-tosser with enormous, natural milk sacks who does it doggy-style in the ass straight off. Things heat up when Monique and Kitten divide and conquer Davis's rectal rooter, which each trollop tries to deep-throat. A hard-core game of musical chairs keeps the bone-slobbering, rug-munching and ass-reaming flowing. Davis pops up more often than hemorrhoids, and the Nubian sisters seem to run through the motions with these white boys, but watching hot chocolate honeys shake their booties doesn't get much better. *Black Attack* is a little tame, but, like a good Thanksgiving meal, will leave your belt unbuckled.

—J. P.

Sordid: *Cassidey: "I don't know why, but leopard prints really turn me on."*

French Kiss: Phoenix Rising: *Alaura admires her new boots.*

French Kiss: Phoenix Rising: *Phoenix spreads her wings.*

Laughing Till It Squirts

THE XXX SCREENPLAYS OF NELSON X

Working with director Jerome Tanner at Legend Video, Nelson X has scripted some of the funniest spank videos to arrive in HUSTLER's offices. Featuring porn stars arguing over Heisenberg's Uncertainty Principle and virgins improbably surviving a Puerto Rican Day parade with their hymens intact, Nelson's twisted humor has made even the most jaded porn critic ease off the fast-forward button; our own Nicholas Veridian dubbed Nelson's parody of the *Scream* movies in *Visions of X #2* "too clever for smut." *Erotic Entertainment* recently caught up with Nelson to glean some insight into the tricky craft of writing funny dialogue for actresses who can barely talk, even when their mouths aren't stuffed with cock.

HUSTLER: How did you begin scripting smut?

Nelson X: I owe a debt of gratitude to your magazine. I started working at Legend about four years ago, doing PR [Ed. Note: that would be public relations, not Puerto Ricans]. I would read *Erotic Entertainment*'s reviews for the Jerome Tanner feature films, and you guys were brutal—you used to destroy him and his writer. I showed Jerome the reviews and said, "You may want to consider finding yourself a new writer, and, as a matter of fact, I write." He went ahead and gave me a shot.

HUSTLER: What do you want to accomplish as a writer of filth?

Nelson: With porn, everyone assumes that the script and acting are going to suck, which is why they fast-forward. My goal is to hook them so they don't skip ahead, and maybe give them a chuckle. If a guy is watching it with his girl, a little laughter can loosen her up.

HUSTLER: Do you write with specific jizz queens in mind?

Nelson: The only one I ever know I'll be writing for is Hannah Harper, our contract girl. She's British; so I try doing an English accent in my head and throw in whatever Limey slang I can think of.

HUSTLER: Where do you find humor for your stories?

Nelson: I think it's funny to play it straight when you're putting a porn star in a situation that they would obviously never be in. I do research, look up the appropriate jargon for a scene; if they're in a hospital, they'll say things real doctors say. Also, I don't shy away from racial stereotypes.

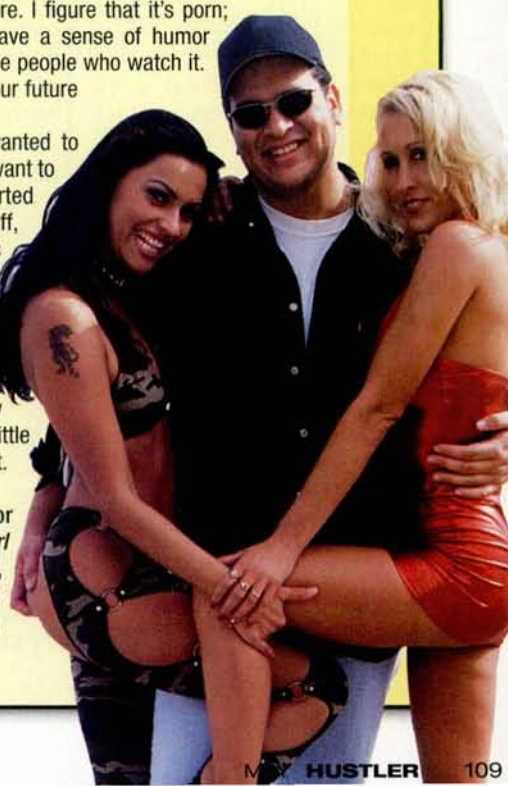
HUSTLER: As in Gwen Summers's encounter with the Puerto Rican Day parade in *Devil Girl #2*?

Nelson: I'll go anywhere. I figure that it's porn; so everyone should have a sense of humor about it—or at least the people who watch it.

HUSTLER: What are your future plans?

Nelson: I've always wanted to say this: What I really want to do is direct. I've started doing some small stuff, mostly fetish, but it's fun, and it's a good way to learn. My debut feature is a coming-of-age story called *Chunky Cheerleaders*. It's my first attempt; so it's a little clumsy, but it has spirit.

[Nelson X's titles for Legend include *Devil Girl* and *Romantic Movie?*, both of which earned Fully Erect ratings in *Erotic Entertainment*.]



The Violation of Ashley Blue: *Ashley moves down the line.*

Busty Beauties #2: *Stormy's caught in a downpour.*

Sex and the Studio: *April and India make sweet music together.*

Busty Beauties #2

Directed by Mark Kismet.
Starring Stormy, Tanya Danielle, Chantz Fortune, Mercedes Ashley, Carolyn Monroe, Melanie Jagger, Christine Allure, Mark Davis, Joel Lawrence, Brian Surewood, Jay Ashley and Mr. Pete.
Videocassette: HUSTLER Video.

Busty Beauties #2 can help even those who aren't obsessed with gargantuan breasts appreciate the slutty glory of tit queens. Rather than take a jokey approach to tramps with chest sacks the size of beach balls, director Mark Kismet simply interviews each lady and asks her to reveal an unfulfilled fantasy. He then sets up a shoot to make that dream come true. Thus, Tanya Danielle treats boob fiends to the sight of her voluptuous rack coated with hot candle wax during a scorching lesbian rut with Carolyn Monroe. Mercedes Ashley's wish to be fucked simultaneously by two ex-boyfriends is made even better by the inclusion of Melanie Jagger. Christine Allure makes the porn flick she always wanted to when Joel Lawrence drills the top-heavy first-timer. Pervs of all tastes will be happy to see that *Busty Beauties #2* takes tits seriously.

—C. T.

Sex and the Studio

Directed by Cleetis Mack.
Starring Carmel, Tiffany Mason, April, India, Lacey Duvalle, Nyomi Arman, Daisy Dukes, Dia Diva, Davina, Chloe Black, Tony Eveready, Mr. Marcus, Suave, Sledge Hammer, Venus, Lucky Star and Dominiko.
Videocassette: Metro Inc.

Sex and the Studio spotlights an endless who's-who of hip-hop talent, from Snoop Dogg to De la Soul, sounding off about their favorite positions and wildest experiences. The action is connected by rapper and cohost Humpty Hump hitting the streets and clubs of L.A. to ask girls if they've ever "tossed the salad." It's unfortunate that the interviews take center stage while the hard-core action happens in the background. Mr. Marcus brings his choad to the studio for show-and-tell and reams svelte sword swallower Tiffany Mason while a hefty rapper has his piccolo played by a top-heavy hoochie. Tacked onto the end is a Sex Olympics contest, which ups the XXX ante, but not enough to satisfy serious strokers. Hip-hop fans will enjoy the soundtrack and dig the raw interviews, but will find it hard to get their freak on with *Sex and the Studio.*

—J. P.

The Violation of Ashley Blue

Directed by Jim Powers.
Starring Ashley Blue, Misty, Jasmine Lynn, Julie Night, Brittany Skye, Angel Long, Melanie Jagger, Sienna, Drew Lynn and Mary Carey.
Videocassette: J. M. Productions.

It helps that Ashley Blue is a bratty, screeching harpy in *The Violation of Ashley Blue.* Her vile personality makes the vicious ravishing she endures all the more gratifying for strokers and casual misogynists alike. In an insane asylum staffed exclusively with alluring young women, Ashley torments fellow inmate Mary Carey by extinguishing cigarettes in the curvy blonde's eyes. The short list of punishments Ashley then suffers, while naked and strapped down, includes a drool ball, a speculum probe of her twat, an anal probe, shock therapy, spitting, slapping and what looks like a toilet plunger/dildo rammed into her hole. With a little standard sex in the form of a tryst between Mary Carey and Melanie Jagger, the vid consists mostly of Ashley's ordeal. Not for faint-hearted pervs, *The Violation of Ashley Blue* will leave most viewers feeling a little defiled.

Dr. Joel Kaplan, a diplomat at the American Board of Sexology in Washington, D.C. states "When the first airtight vacuum pump cylinder is placed around your penis, blood rushes into the muscle portion of your penis. The muscle tissue expands to the maximum, breaks down, and then rebuilds into larger and stronger muscles, similar to body-building."

Surgeries are costly and dangerous! Cock rings are temporary! The New European Growth System is the only answer when it comes to penis enlargement and maximum stimulation! Don't spend another night with a small dick! Act today & be big tomorrow!

"As my hand parted her round butt cheeks, it was stopped short by a mass of coarse ass locks."

Anal Colony

I manage a Swiss-cheese-and-beef-stick store at the mall. One of my employees, Bea, is Armenian, I believe, and in her early 20s. Her slender body supports a mop of black hair and two fat tits. Bea scrupulously avoids the unibrow look that girls of her nationality are prone to, but you can tell by the tousled growth on her forearms and the occasional glimpse under her skirt of a stiff black pube fighting through her panties that this girl plucks between the eyes.

Shortly after the first of the year, I found the hirsute slut in the stockroom, bent over the heap of returned Neufchatel and summer sausage assortments. The silly polyester skirt the female clerks wear was flipped back to reveal her sensible, full-cut panties riding up into her crack, offering an inviting peek at her fleshy camel toe through the fabric, which was dampening.

Stepping up behind her presented rump, I whipped out my dick, dropped her undies and parked the tip of my johnson between her moistened coral flaps.

"*Oh!*" Bea exclaimed, quickly turning and dropping something. "Mr. Holly!"

A fat, half-eaten summer sausage rolled into view. In any other circumstance, eating the returns would be a cause for termination. But in the spirit of the holiday season, I opted to compromise, gliding my groin girder into the swampy recess of her snatch. Bea's cunt hair was thick, but she kept it neatly trimmed. I fingered the edges of her slit, admiring the tuft of cropped beard around her pussy and the way her tight nether lips stretched to accommodate my thrusting tool.

As my hand parted her round butt cheeks, it was stopped short by a mass of coarse ass locks as full and long as other girls kept on their heads. Apparently, her grooming regimen didn't extend to her disposal unit. I couldn't have been more surprised had I found a Muppet lodged in her shitter.

I unwrapped another beef stick and told her to grab her ankles. Bea bent forward. Face between her knees, the slut moaned her encouragement. Tugging at the butt bramble until I found an opening, I jammed my thumb into her hot, fuzzy winker, preparing Bea's crap hatch for a good stuffing. When she yelped in pleasure, I removed my hand and spit on her hairy asshole. The beef stick was about two and a half inches thick, but my employee gamely pushed back until I at least had it wedged between her hirsute sphincters, and Bea's butt looked like Castro eating a football.

The beef's grease warmed inside her colon, providing further lubrication. Once I had almost all of the manufactured meat up Bea's heinie, I accelerated my vaginal assault, driving my pud balls deep into her Eastern Orthodox cunt.

Smacking Bea's behind to drive the fat sausage in, I grabbed at her tits as they bounced in her red polyester blouse. Bea is a great lay; she yodeled and mooed with every stroke of my bone. Her heaving milk mounds obligingly flopped out of the store uniform with a small yank at her bra, and her already-stiff nerps seemed to double in size with just a little tweaking.

I was having an easy time prolonging the act; whenever I felt myself on the verge of coming, I simply looked at the hot Armenian's hairy asshole with two inches of greasy beef sticking out of it and orange-hued sleaze dripping from her matted fur onto my loafers. Bea had no such bizarre images to fix upon; she arched her back and came while I plugged away, spattering my shoes with a blend of tallow, spice and ejaculate. After her orgasm, the cunt's bushy butthole relaxed even further and sealed behind the massive salami. Finally, I could come with satisfaction.

Since our first liaison, we've put all kinds of returned food into Bea's ass, plus a few new items, which we restocked on the shelves afterward. I can't believe what an insatiable butt whore she's become—not that I mind. Just the other day, I drilled her shithole while stuffing her pussy with sausage, as a novelty. Even so, I can only imagine the wear of our bunghole stunts will leave Bea fucked out soon, at which point I'll probably fire her hairy ass.

DOCTOR DISCOVERS PILL TO ENLARGE YOUR PENIS!

PRO+PLUS PILLS WILL WORK FOR YOU!
WE OFFER A 100% MONEY BACK GUARANTEE!!

No Pumps, Exercises or Prescription!
Doctor Approved Pill Will Enlarge Your Penis up to 4 Inches!

"This pill really works. I am now a harder 9 inches, which makes me feel good about myself. Besides wanting to be bigger, I always got soft to soon. Now that doesn't happen anymore. I'm hard like a rock from start to finish. I don't stop until she says 'you are terrific' and cums right along with me." -JS, Ohio

You Will Have These Penis Gains In A Few Weeks!

Just imagine when your sex partner sees how thick and long and hard you are. How about when men will gasp with envy the first time they see the new you in a locker room, shower or gym. Your larger penis will give you the confidence to meet the challenge of any woman. Penetrate deeper and see just how much greater satisfaction your sex partner will have. You will feel in total command because now any possibility of going soft, and premature ejaculation will be eliminated with your new rock hard much larger penis.

HOW DOES PRO+PLUS PILLS ENLARGE YOUR PENIS?

The corpa cavernosa are the two spongy bodies of erectile tissue on either side of the penis. An erection is caused by blood filling the erectile tissues. But what if the erectile tissues were made larger? What if you could somehow expand the size of the erectile tissues? Then of course the erectile tissues would hold more blood and you would have a significantly larger penis. Blow up a balloon with more air and you have a larger balloon. Fill the erectile tissues with more blood and you have a larger penis. Without any effort on you part, without any exercising, pumping or stretching, PRO+PLUS PILLS will expand the erectile tissues longer and wider and fill the erectile tissues with a larger supply of blood so that your penis will gain up to 4 inches in what has been described as a miracle. **You can make that miracle happen.** You can have the penis size you always dreamed of with the PRO+PLUS PILL and we GUARANTEE IT!

IS YOUR PENIS SIZE AVERAGE?

You probably have heard or read somewhere the average penis size is about 6 inches. If your penis is 6 inches and you want to be average then don't read any further. But if your not satisfied with an average or less then average size penis, the PRO+PLUS PILLS will help you grow up to 4 inches and it is perfectly safe and it is your secret because you can take the PRO+PLUS PILLS without anyone knowing that you are taking it.

HOW LONG WILL IT TAKE TO ENLARGE YOUR PENIS?

In a couple of weeks the most noticeable change will be the width of your penis and longer lasting erections. Then after a month or two you will see a change in the length of your penis and again you will notice a thicker and wider penis. As you stand in front of a mirror you will be amazed even without an erection how your penis wil 'hang' longer and thicker. After the third month when you have an erection you will see a very noticeable change. Not just in size but your penis will look firmer, stronger then you ever dreamed possible. **No pill sold anywhere can give you the maximum potential you want in two months.** Why settle for less when you can have much more. You need **three to four months** to grow to your maximum potential and we offer special prices for a three or four months supply with a **100% MONEY BACK GUARANTEE AND FREE OFFER!**

WHAT EXACTLY IS THE PRO+PLUS PILLS?

Discovered by Dr. Dmitri Zorken and his research team PRO+PLUS PILLS is a powerful natural herbal penis enlargement formula that increases penis size, stronger erections and maintains your sexual virility. Combining the formulations of the type of herbs found in many parts of the world that can enlarge the penis erectile tissues. We also included some of the same type of herbs found in Polynesia where the men of the Mangaian tribe have sex on the average of 3 times a night, every night. While this is not what you may wish, it is nice to know your sexual performance can improve substantially.

HOW BIG IS BIG AND HOW MUCH DO YOU NEED TO SATISFY YOUR PARTNER?

Consider the difference between a 7, 8 or 9 inch penis that is thicker and a penis that is 4 to 6 inches and narrower. With a larger penis you penetrate more sensitive areas of the woman. Your longer penis probes deeper searching those special nerve endings. The added width to your penis fills and presses her from side to side to give your partner the most exhilarating sensations. **It is possible for you to reach the most sensitive area of all, a woman's G-spot.** These sensations will produce for a woman the ultimate multiple orgasms. At the same time because you are reaching a woman's most sensitive areas with your larger penis you will receive more pleasure to your sensitive nerve endings. Just knowing you are giving your partner this pleasurable experience will certainly give you the added confidence of being a better lover.

WHAT WILL THE PRO+PLUS PILLS DO FOR ME?

- A longer, thicker penis. Penis Enlargement up to 4 inches or more
- A longer, thicker penis even when you are not hard. Because there is more blood flow to the penis, your penis 'hangs' larger all day.
- You will have bigger, harder erections. Because of increased blood flow your erections grow harder.
- Erections when you want them. Rock hard erections every time. No more problems because you can't get it up and keep it up. PRO+PLUS PILLS will keep the blood flowing to your penis so you will always get hard and stay hard.
- Stronger and more intense orgasms
- Stop premature ejaculations
- Safely enhance the size of your penis.

WILL THE PENIS ENLARGEMENT BE PERMANENT?

Yes it is and you control the growth because once you reach your optimum size you could stop taking PRO+PLUS PILLS for Penis Enlargement. We say you could stop taking the PRO+PLUS PILLS because it is not necessary to be larger then 9 or 10 inches. Most women can only comfortably accommodate a 9 or 10 inch penis. Anything larger then that may be too large for most woman. Nine inches or more than 9 inches, the choice is yours.

DUAL ACTION EXCLUSIVE FEATURES!

Penis Enlargement and Continued Sexual Health!

Take PRO+PILLS first for Penis Enlargement to reach your optimum size. After that continue taking only one PRO+PILL daily to improve your sexual health, feel younger, increase sexual desire, gain more stamina and greater sexual pleasure. You can also take 2 PRO+PLUS PILLS before sex for the strongest, hardest erection you will ever have.

OUR OTHER SCIENTIFIC MIRACLE PILL!

PEARL+PLUS PILLS are guaranteed to sexually stimulate women of all ages. For increased blood flow, sexual enjoyment and intensify orgasms. Sexual sensitivity is produced by blood flow into the clitoris, labia and vagina. Only $60.00 or FREE WITH ANY ORDER OF 3 OR MORE BOTTLES OF PRO+PLUS PILLS.

Order PRO+PLUS PILLS now.
Only $60 for one bottle or 1 months supply. $120 for 3 bottles or 3 months supply. **FREE!** Order 3 bottles or more and choose 1 FREE bottle of Pro+Plus Pills or choose 1 FREE bottle of Pearl+Plus Pills. IMPORTANT: Because of the success of PRO+PLUS PILLS there are many imitations. If you do not see a **100% MONEY BACK GUARANTEE** then you **DO NOT** have a money back guarantee. We Offer a **100% MONEY BACK GUARANTEE.** Do you trust buying penis enlargement pills from a pharmacy or drugstore or from our research company PLUS MEDICAL an International Company in business for over 30 years.

Why Didn't Anyone Think Of This Before?

Doctor's Sex-Boosting Skin Patch Offers Dramatically More Sex, More Often... Whether You're 18 or 80!

A MEDICAL DOCTOR'S AMAZING NEW VIRILITY PATCH GIVES YOU MAXIMUM PERFORMANCE, STAMINA, AND GROWTH ANYTIME, ANYPLACE – *EVEN WHILE YOU SLEEP!*

WHAT YOUR LOVER SECRETLY SAYS BEHIND YOUR BACK!

According to a recent national survey, 87% of women asked if they were satisfied with their lover's performance answered with a resounding *"No."* The most common reasons given were their male lovers' inability to bring them to climax due to lack of stamina, arousal, and erectile size. But now an amazing, new, doctor-endorsed virility patch quickly and effortlessly turns a woman's disappointed *"No"* into a euphoric *"Yes, yes, YES!!"*

V-PATCH *(virility patch)* is a powerful new male virility technology that took a top team of scientists almost ten years to develop. V-PATCH is NOT a prescription drug; it is not a pill or powder; it is not a creme, lotion, or spray. V-PATCH is the first male potency herbal formula that utilizes a state-of-the-art delivery system.

You've read about the effectiveness of dermal patch technology in such respected publications as *Time, Newsweek,* and *The New York Times* helping people to stop smoking, lose weight, and now even for birth control. However, V-PATCH is the first high-tech patch designed to dramatically increase male potency and improve sexual performance. V-PATCH is so advanced that it's light years beyond any other botanical sexual enhancement product on the market today. No sexual potency supplement works faster, is more effective, or is easier to use than V-PATCH. But there's more... much more!

MORE DESIRE! MORE SEX! MORE OFTEN!

What exactly will V-PATCH do for you? V-PATCH will supercharge your sexual battery fast and effortlessly 24/7. Your libido, energy level, and sexual performance will soar. Your erections will be bigger, harder, thicker, and you'll satisfy your lover like never before.

In fact, acclaimed urologist Albert O'Conner, MD, enthusiastically recommends V-PATCH to his male patients as the safest, most effective, 100% natural way to achieve maximum erectile growth quickly and easily. And that's just the beginning of Dr. O'Conner's praise for V-PATCH. Dr. O'Conner believes "V-PATCH's proprietary patch delivery system is arguably *the single greatest scientific breakthrough* ever for increasing male desire, stamina, and performance effortlessly anytime, anyplace!"

V-PATCH'S TECHNOLOGY IS EASY, FAST, AND EFFORTLESS!

Here's how it works: V-PATCH is a small, super concentrated dermal patch that you place discreetly on your body as directed. Once V-PATCH is in place, you can relax... your part is done. The exclusive V-PATCH delivery system automatically takes over. You don't even have to pay attention, but you'll feel V-PATCH's power at work almost immediately.

Unlike pills or capsules that must go through the digestive process, V-PATCH's advanced patch technology sends the active ingredients full strength directly into the blood stream for fast, maximum results. *Yes, it's really that simple to use.*

V-PATCH supercharges your sexual battery 24/7: at home; at work; and at play. Even while you sleep, V-PATCH continues on its relentless mission to transform you into a fine-tuned, throbbing, rock-hard, unstoppable sex machine. Men using V-PATCH report having more sex, lasting longer, achieving massive erections, and experiencing explosive orgasm after explosive orgasm.

MEET YOUR V-PATCH DOCTOR: ALBERT O'CONNER, MD

V-PATCH is the first and only male potency formula ever to be recommended and endorsed by acclaimed urologist Albert O'Conner, MD. Dr. O'Conner is a professor of medicine and Chief of Medical Education. He is Chief of Urology, as well as a member of his hospital's Board of Directors. Currently, he serves on the Council and College of Urology, and is past secretary of his State Medical Society. Dr. O'Conner credits V-PATCH's powerful, all-natural, botanical formula along with its unique patch delivery system as a *major breakthrough in increasing male arousal and maximum erectile growth.*

SPECIAL LOW PRICE!

For a limited time, you can try V-PATCH for yourself at the incredibly low price of only $39.95 for a 30 day supply. *Or SAVE $49.90* and get a full 90 day supply for only $69.95. *That's right!* You can experience V-PATCH's around-the-clock power for less than 78¢ a day. Sex Appeal In A Bottle!

UNIVERSITY STUDY PROVES CONCLUSIVELY PHEROMONE ADDITIVE ATTRACTS OPPOSITE SEX!

Nature's Only Aphrodisiac

Pheromones are odorless chemicals naturally secreted by the body that increase sexual attractiveness through the sense of smell. Scientists believe the greater the pheromone secretion, the greater the sexual attraction. The problem: many people wash away most of their natural pheromones when they bathe. The solution: Attractant 1000+, a powerful, synthetic, unscented pheromone concentrate scientifically designed to attract the opposite sex. But does it really work?

The scientific evidence is now conclusive. Adding synthetic human pheromones to your cologne has been proven to dramatically increase sex appeal and attract more lovers effortlessly. As reported in the September 2002 issue of *Prevention* magazine, a recent study at San Francisco State University proves that after only two months, a remarkable 74% of those using a synthetic pheromone-laced scent reported a significant increase in dates, kissing, heavy petting, physical affection, and, *yes, more sex!*

World's #1 Pheromone Concentrate Goes Gold

Introducing the new, improved Attractant 1000+ Gold Label formula. Be warned: just a few drops of Attractant 1000+'s extra-strength, unscented formula is up to one thousand times more powerful than normal pheromone secretion. Easy, fast, and discreet, Attractant 1000+ adds instant sex appeal to aftershaves, colognes, or even when worn by itself.

Become A Powerful Sex Magnet

Conduct your own intimate, scientific study on the sex power of pheromones. Order new, extra-strength Attractant 1000+ Gold Label today. Remember, it's biology and chemistry. The most beautiful and desirable women are powerless to resist the seductive lure of Attractant 1000+.

STUDY PROVES PHEROMONE USERS GET: *More Dates • More Kisses • More Affection • More Sex*

ACTIVATOR *Passion-Stimulation Creme*

DOCTOR'S ORGASMIC BREAKTHROUGH

ACTIVATE HER deepest desire and passion so she's always ready and eager for steamy, intimate bedroom action. Just a couple drops of Activator's proven formula can help propel her into overwhelming orgasmic bliss. With Activator you'll satisfy her over and over like she has never been satisfied before.

SHE'LL BEG YOU FOR MORE

The secret of Activator is yours and yours alone. It's your decision whether to share this passion-stimulation formula with her or allow her to experience its orgasmic power only when you're with her.

Either way, Activator puts you firmly in the driver's seat: she'll want you; she'll wait for you; and she'll think about you. With Activator you're in complete control of her passion, her desire, her ultimate pleasure and satisfaction. But remember Activator can ignite her deepest and strongest carnal instincts and *unleash raw female animal passion* that you might not be ready for... so use Activator with caution and respect.

THE ACTIVATOR GENIUS

Dr. Chris Pachex, MD, Board Certified OB/GYN, discovered the amazing stimulating benefits of Activator's proprietary formula in his quest to help his many female patients who failed to achieve orgasm during sex. By using only a small amount of Activator creme, many of these once unresponsive women began to experience not just one, but multiple orgasms.

To stimulate and enhance female sexual pleasure

Real COLLEGE GIRLS

A resident of Acworth, Georgia, **Amber** is a 19-year-old, first-year nursing student at North Metro Technical College. The budding healer loves cooking, going to parties, writing and having wild sex. As admirable as Amber's career aspirations are, she may also want to look into obtaining a law degree, since her fantasy is "to have sex in the back of a police car."

—Photo by Boyfriend

With plans to eventually become an elementary school teacher, **Chrissy Rose** of Austin, Texas, is working toward her degree in education at Austin Community College. The sunny 26-year-old avidly participates in student government and lists her hobbies as "loving life, camping and fishing." Chrissy's erotic tastes lean toward the wilder side, with "a whipped-cream threesome" topping her list of sexual goals.

—Photo by Husband

A well-rounded scholar from Torrington, Wyoming, 21-year-old **Samantha** loves "motorcycles, working out and reading HUSTLER." The curious cutie hopes to someday "have my boyfriend whack off while watching me masturbate."

—Photo by Friend

Penny Lane is a 20-year-old academic fireball from Birmingham, Alabama. The devoted wild child lists her interests simply as: "Sex, drugs and rock 'n' roll." The tunefully named vixen is determined to someday have "an orgy with a bunch of hot redhead chicks."
—Photo by Husband

Currently raising temperatures up north, **Venus**, from Toronto, Canada, is a 23-year-old student. Since Venus didn't list a major, we're guessing that her schoolwork is momentarily taking a back seat to activities such as "sex, clubs, partying and belly dancing." Venus's ultimate carnal quest is to be "fucked doggy-style while making out with another chick or eating her out."

AMATEUR PHOTO/VIDEO CONTESTS
$5,000 IS UP FOR GRABS

Guys, we need you to be HUSTLER's campus point men in our ongoing search for new, untapped Beavers. Do you know gorgeous college students who are over 18 years of age? We're looking for readers to recruit babes for the *Real College Girls* division of *Beaver Hunt*. The process is easy; just snap a couple of clear, sexy—the more explicit the better—photographs (digital shots are cool too, as long as they're high resolution and printed on photo-quality paper). Send them to *Real College Girls*, 8484 Wilshire Boulevard, Suite 900, Beverly Hills, CA 90211. Every female whose picture sees print will receive a $250 honorarium, as well as a slot in HUSTLER's 2003 *Beaver Hunt* competition and a chance to appear in the video version of HUSTLER's *Real College Girls*. Finalists score $1,500 each, and the Grand Prize winner will appear in a HUSTLER photo-feature and earn $5,000. The photographer of the Grand Prize winner scores $500, and the Finalists' photographers earn $250. All photographers of models appearing in *Real College Girls* receive a one-year subscription to HUSTLER. Ask the girls to fill out the model release below, and include copies of two legal forms of ID and a current college ID. The model's photo, date of birth and signature must appear on the IDs (not necessarily all on the same one). All photos become the unreturnable property of L.F.P., Inc. No essays are required, but if your model can come up with something sexy, tell her to knock herself out.

MODEL RELEASE/ENTRY FORM

To enter *Real College Girls* or *Video College Girls* you must be 18 years of age or older, and you must fill out and send this release and copies of two forms of ID, one with photo (i.e., driver's license, passport or photo ID issued by state). Second ID can be a birth certificate, Social Security card, credit card, marriage certificate or immigration card. One ID must include your date of birth, and one must include your signature. Send photocopies, not originals. Send two or more sharply focused color prints or slides. Send videotapes in VHS format. Showing pink is optional at entry stage. All photos and videos become the unreturnable property of L.F.P., Inc., which buys all rights in perpetuity to photos and videos we purchase. Win $250 if we publish your photo, or $500 if we choose your video, and win the chance to be in an extended pictorial or feature video worth $5,000. Send photos, videos, IDs and release to *Real College Girls*, 8484 Wilshire Boulevard, Suite 900, Beverly Hills, CA 90211.

(continued from page 104) him or anything else. There are some of them who are, of course, sympathetic to him. I don't know which part of the Bin Laden family the FBI was restricted from investigating. It may have been the benign part.

HUSTLER: The FBI was restricted from investigating all but Osama, and, as soon as travel restrictions were lifted, the entire Bin Laden family was scooted out of the country before the FBI could talk with any of them. As you know, when there is a murder, or a mass murder in the case of Osama bin Laden's attack on the United States, you would want to interview the relatives, whether they were white sheep or black sheep.

LIDDY: I agree. I think it was a huge lapse by the FBI to allow the family to be ushered out of the country. I think they were caught napping.

HUSTLER: Do you think the FBI and CIA should be given more power to fight the war on terror?

LIDDY: No, I think that they've got ample legal ability to do their job. I don't think that they need any more powers.

HUSTLER: What are your thoughts on gun control?

LIDDY: A firearm is an inanimate object. It's a tool. You can put it down on the table, fully loaded, cock it, walk away. Nothing's going to happen until somebody picks it up and uses it for a good purpose or an evil purpose. All these laws that are directed at the guns are directed off target.

HUSTLER: It seems that we do need an armed citizenry to protect ourselves against the government.

LIDDY: Well, that's what the framers put the Second Amendment in there for. It wasn't to preserve hunting and things of that sort; it was so that, if the government ever again became tyrannical, the citizens would still possess the means to throw it off as they had thrown off the government of George III.

HUSTLER: Yes, but you seem to have more trust in our government than most these days.

LIDDY: Well, I don't know. I'm pretty distrustful of government. You must be nearly paranoid then.

HUSTLER: Maybe, but you're more comfortable with a right-leaning government than a left-leaning government?

LIDDY: Yes, because the left ones always want to take our liberties away and give them to the government.

HUSTLER: But it's your right-leaning Bush government pushing through the PATRIOT Act.

LIDDY: The PATRIOT Act is just one thing.

HUSTLER: It's one huge thing. What do you think about the Right's antisex, antiporn agenda, trying to control what transpires in people's bedrooms, such as what John Ashcroft would like to do?

"I'm very wary of the PATRIOT Act. We're gonna have to be eagle-sharp in watching them on virtually every case."

LIDDY: Certain religious bodies feel more strongly about that than others, but I wouldn't say that the Right en masse has any one position on those things.

HUSTLER: What's your personal position on pornography?

LIDDY: Well, it's not my cup of tea, and I certainly don't want to see it available to children, but I think adults have the right to view what they want to view. I think that there's a First Amendment right to do that.

HUSTLER: What did you think of Ashcroft covering the breasts of the Spirit of Justice statue?

LIDDY: I really thought that was funny. I laughed like hell when I saw that. I used to be in that room. I've been in ceremonies in the Great Hall of Justice with the President of the United States, and I don't know of anybody who even noticed whether the statue's breasts were covered or not. And I know of no one who was offended.

HUSTLER: In your autobiography, *Will*, there are many instances when you are about to kill someone or planning to kill someone. Have you ever killed a man?

LIDDY: There's no statute of limitations on that stuff. The big "S" on my forehead that you see does not stand for "simple."

"Once upon a time there was a happy little country with a thriving economy who was at peace with all the world, until one day, a Republican was selected as President, and it all went to shit!"

SUN-KISSED

"I'm not a huge fan of the beach," whines Jessica. "I'm more of a homebody; I'm into air-conditioning and satellite TV."

The dirty blonde brushes sand from her thigh as she reclines onto her towel. "Then again, the cool ocean breeze and the warmth of the sun on my skin do feel nice."

Jessica settles down for an outdoor session of self-gratification and purrs, "I'm easy; once the sun hits my crotch and my pussy warms up, it's all good."

HOW THE U.S. MILITARY IS KILLING OUR TROOPS

As we get ready to send a new generation of fresh-faced recruits into Iraq, who would guess that our own weapons are far more dangerous to our troops than anything in Saddam's arsenal? Former U.S. Army Sergeant and ailing Gulf War veteran Carol Picou, cofounder of the MISSION (Military Issues Surfacing In Our Nation) Project, blows the lid off the Army's illicit use of depleted-uranium weapons, which took a catastrophic toll on our soldiers in the Gulf War, and continues to this day. A one-on-one interview with HUSTLER Features Editor Dan Kapelovitz reveals how threats, arson and a string of mysterious deaths have failed to silence Picou or keep her from warning those servicemen who might be next.
